

REVOLT IN MEXICO BELIEVED AT END

FIGHT PESTILENCE IN SOUTHERN FLOOD AREA

NO BATTLE SUNDAY, MEXICANS AT BULL FIGHT, SAYS WILL

(Special To The News)
NEW YORK, March 19.—
Tammany Hall is in a mess. It's
been uneasy
ever since
Smith insisted
that they clean
up, and get re-
spectable for
that election.
They are in a
hurry to get
back to normal.

They are
proud down in
Alabama, and
my friend, Gov.
B. B. Graves,
wouldn't ask
for relief if he
didn't need it.
So help, I
will admit they are Democrats,
but after all they are human
beings.

Amazed with the war news
was the following, "Hein was
St. Patrick's Day speaker at
Brookline, Mass."

Yours,
WILL.
P. S.—No fighting in Mexico
yesterday. "Sunday," both sides
attended bull fight.

PA NEW OBSERVES

Idea of the Recreational support-
ers of the city of having Dean Park
fitted up for base ball, tennis, etc.,
is a good one. It will not be a great
expense, and it will afford a play-
ground for the youth of the city in
a section where one is needed. Es-
pecially should tennis courts be laid
out on this plot.

Why not put a light on top of the
spire at the site of the old Rosema

territory at night.

Spring house cleaning is getting
under way with a vengeance, but
the carpet beaters haven't been heard
as yet. There time is coming.

Business is reported as brisk on
the railroads in this section, which
doesn't sound so bad to Pa. New.

Speaking of improvements Pa
New believes that a little patching
on the West Washington street bridge
would not hurt a bit. There are
several bad holes and when a tire
drops into one, it is just too bad.

Watch the red flag out on the
highways. They are warnings that

Weather conditions played hob on
some sections of the road early in
the spring and there are some bad
spots in the concrete that bear care-
ful watching. Out on Atlantic av-

pecially bad break in the road which
motorists should avoid.

There seems to be quite a differ-
ence in opinion concerning the extra
tax for the big buses as embodied in
the proposed state laws, according to
talk here and there. Some believe
that the buses should be taxed ex-
ceedingly. Man just back from
Florida relates that one of the big-
gest of the buses went through a
bridge in Georgia and closed up the
state's one through highway.

Flood Waters Are Receding In Southeast

Appalling Devastation By

DEATH TOLL MAY

ATLANTA, March 19.—
Flood Waters were receding
in the Southeast today, re-
vealing appalling spectacles
of death and devastation in
their wake.

In ravaged portions of Alabama,
where something like 30,000 persons
are homeless, rehabilitation has start-
ed in scattered places. However, a
few other Alabama areas are still in
peril.

May Be Over 100 Dead
The ultimate death toll in the
Southeastern flood sector today was
still undetermined. An official es-
timate by Gov. Bibb Graves of Ala.
put the Alabama casualty list at
more than 100.

Later, after making a 600 miles
tour of the stricken ends of the state
by airplane, the Governor declared
an additional number of dead were
reported at Brewton, Ala.

He said when his plane flew over
Brewton a big "D" was displayed on
the Red Cross field there. This sig-
nal means "persons killed." No nu-
meral accompanied the sign.

Twenty one deaths have been con-
firmed in the states of Alabama,
Georgia, Florida and Mississippi. The
list by states is: Alabama, 24; Georgia,
15; Florida, 1; Mississippi, 1.

Squadrons of airplanes from Mont-
gomery, Ala., and Pensacola, Fla.,
today continued to drop provisions,
blankets and clothing to isolated
communities.

Red Cross In Charge
H. P. Williamson, National Red
Cross officer sent to the flood area
from Washington, has taken charge
of rehabilitation and relief supplies.
He said the \$250,000 now being raised
by the Red Cross was "only a start."

Governor Graves today directed a
large part of the relief work concen-
trated on the Conecuh river valley
between Andalusia and Brewton.

"I am convinced there are thou-
sands starving to death in this sec-
tion," he declared, "probably many
are dead in isolated farm houses."

Geneva, marooned on houseposts and
trees for three days before rescued,

Build Railway Siding To Aid Construction Of Perry Highway Paving

Preliminary work is being done
preparatory to an early start of
the biggest road improving con-
tract in this section for some
years, the ten mile stretch of the
Perry Highway, from Mercer
south into Lawrence county.

A siding is being constructed by the
Pennsylvania railroad company, at
the Northern Pipe Lines Company
property near Milburn, for the pur-

pose of unloading machinery and sup-
plies to be used on the job. Work on
this siding will be completed very
shortly, so that actual work on the
big contract can be started.

The Holmes Construction Company
has the contract for the job, having
been given the award last fall by the
State Highway Department. Some
53,576 feet of the highway will be
paved with cement, the award having
been made at the bid of \$379,105.

New Castle Selected For June
Meeting; Need But Of-

At 10 o'clock Wednesday morning
the executive committee of the Al-
legheny Regional Advisory Board will
meet at the George Washington hotel
in Washington, Pa., and at this
time, Frank Guy, chairman of the
meeting place investigating commit-
tee, will report the facilities of New
Castle. The committee of executives
will then cast their deciding vote as
to whether or not the June meeting
will occur here.

The procedure, according to Mr.
Guy, who made his investigation here
some weeks ago, is a procedure of
formality, and there is no doubt but
what the meeting of some 400 in-
dustrial executives will take place
here this coming summer. The as-
sembly meeting of the board has al-
ready voted to come here and the
sanction of the executive committee
will officially announce the meeting
point.

Attending this executives' meeting
from New Castle will be James W.
Cole, secretary of the Chamber of
Commerce, D. E. Russell, P. H.
Kearns, John Meegan and Frank
Huffard. They will leave the city
by automobile early Wednesday morn-
ing, arriving at Washington in time
for the meeting.

The meeting of the board proper
will occur on Thursday, and it is
probable that quite a number of the
local members of industries here will
attend.

Among the speakers for the meet-
ing will be the Hon. Henry W. Tem-

(International News Service)
NEW YORK, March 19.—One po-

wounded in a gang-war flare-up in
Brooklyn early today. The gun bat-
tle lasted several minutes, fifty or
sixty shots being fired. Eleven re-
volvers and three sawed-off shotguns
were found in the gutters when the
battle was over.

The police believe that the outbreak
was the result of a clash in bootleg-

SARASOTA, Fla., Mar. 19.—
Harry M. Daugherty, at-

of the late President Warren
G. Harding, broke his long si-

exclusive interview with In-
ternational News Service at
his winter home in Hotel El-

own public career but that of
President Harding whom he
termed "a great man and a
great President."

Daugherty declared the publication
of a book, the characters in which,
he said, sought to inferentially portray
himself, President Harding and others
in the Harding cabinet in a detri-
mental light as "a volume built on a
foundation of falsehood."

PILOT MUMBLES
OUT HIS STORY

(International News Service)
NEWARK, N. J., March 19.—
Pilot Lou Foote, only survivor of
Sunday's airplane crash which
took 14 lives, may yet live to tell
his story of the catastrophe.

Doctors at St. James hospital
today said that Foote was "just
about holding his own" and that
if he pulled through today he
would have a chance of recovery.

With five corps of investigators dig-
ging into every detail of the ill-
luminated flight it was expected that the
cause of the catastrophe would soon
be agreed upon.

The death of Delmont Parsons of
Brooklyn, who was riding with Pilot
Lou Foote at the time of the crash,
left only the pilot alive. Foote gasped
out the disjointed story of his awful
experience to his wife in a hospital
here and she today gave her hus-
band's version of the events preceding
the crash as follows:

"My right motor cut out suddenly,
I was bucking a heavy wind with a
full load of passengers, about 1,000
feet up. If I had turned back to the
landing field we would have gone into
a tail spin."

Unconditional Surrender Of

Of Gen. Calles

(International News Service)
The Mexican revolution
was virtually at an end to-
day, according to the Mexican
government.

Following occupation of
Torreón by federal troops,
the rebel generals in the
Northern Mexican states,
headed by Gen. Marcelino Car-
aveo, sued for peace.

Rebels Face Death
It is believed that all the
rebel leaders who surrender
will face trial by court mar-
tial, which is virtually tantamount
to death.

Gen. Jose Escobar leader of
the rebels that fled from Tor-
reón, retired to Escalon, about
100 miles north of Torreón.

It is not expected that the
rebels will put up a fight
against the advance of the
federals under Gen. Plutarco
Elias Calles, Gen. Juan An-
dren Almazan and Gen. Ortiz.

Unconditional Surrender
Gen. Calles has demanded
the unconditional surrender
of any insurgents that want
to give themselves up.

The revolution which is
now subsiding was one of the

Gasoline Tax Bill Battle In Offing

Senate Anxious To Pass Fi-

HARRISBURG, March 19.—A com-
promise voting machine measure will
probably make its appearance in the
legislature today, while in the offing
is the specter of the much discussed
four-cent gasoline tax.

Whether such a measure increas-
ing the tax on gasoline will be in-
troduced could not be definitely learned
from state leaders, and although they
continued to deny that any agree-
ment on this question had been
reached at the series of conferences,
reports that such a measure would
make its appearance persisted.

Seek Solution
The Senate today hoped to solve
finally differences of opinion regard-
ing a voting machine enabling act
and by consolidation of the two
measures now before the legisla-
ture on one that will receive the sup-
port of both houses.

Differences which developed be-
tween Senator Davis, Lackawanna,
and Senator Harris, Allegheny, pre-
vented earlier action. Each was an-
xious to have his own bill adopted at
the present session. Under a tenta-
tive agreement now being considered
by the election committee the two bi-
lls will share the honors. The bill
will bear the names of both sponsors.

Once such an agreement is reached
in committee, action on the floor of
the Senate will follow as soon as the
new bill can be typed. Passage of
such a measure cannot be dodged at
the present session and the Senate is
anxious to get it off its hands and
sent to the House.

House Passes Motor Code
The administration's motor code,
sponsored by Representative Griffin,
Indiana, is now in the Senate. The
bill was passed by the House by a
vote of 145 to 33. Scores of members

passage of third reading bills, but

Padlock System For Washington

Chief Of Police Hesse, At Washington, D. C. Orders Strict Padlocking System

PLAN TO MAKE CAPITAL MODEL

WASHINGTON, March 19.—Having watched the padlock policy tried elsewhere for several years, with more or less success, the national capital is going to have a try at it.

Chief of Police Hesse has ordered every police precinct captain to turn in a detailed report on the places in his district where violations of the prohibition law now occur or have occurred in the past.

It is a part of the plan to dry up the capital and make it a model prohibition enforcement city.

If the order is literally interpreted and literally carried out the Pennsylvania avenue wags observe that there may be padlocks put on some of our best known government buildings.

Officer In Plain Clothes.

The slain patrolman, Daniel Maloney, was off duty and in plain clothes at the time he was killed. He was shot through the heart, police report. It is believed that he walked innocently into the battle and was not associated with either of the gangs in the battle.

The two wounded men are Thomas Connell, 31, and Harold Richards, 41, both of Brooklyn. Connell received a bullet in the left leg; Richards was shot in the left shoulder. Both were removed to Norwegian hospital.

Investigation revealed that Patrolman Maloney was strolling along with Connell, a close friend, when the opposing faction of gunmen slipped from the shadows of surrounding doorways and opened fire. Maloney had time to fire but one shot before he was killed.

KEEP LOOKING YOUNG

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sulow complexion—dark rings under your eyes—puffy, bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil as a substitute for castor oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets are "gentle in their action yet always effective." They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c, 50c and 60c.

Firearms Bill

Agreement also may be reached in the Senate today on the Salus firearms bill which went over from last night's session for amendment.

The present bill is much less drastic than the one which Salus sponsored last year. Salus intends to press for action today. He believes the bill is so drawn as to remove all reasonable objections made by sportsmen and that it will serve to curb possession and use of firearms by thugs and bandits.

All owners of pistols and revolvers will be required to register them. The provisions of the bill would not apply to any weapon used generally by hunters. The minimum barrel length for a shotgun which could be sold legally would be 24 inches and that of a rifle, 15 inches.

Bills passed finally and sent to the governor last night included that of Glenn Moore, Washington county, creating an additional judge in that county.

STAR LORE.

Why the Stars Talked.

By Arthur DeV. Carpenter.

When all the stars are twinkling or dancing, the effect seems to put the mind in a state of calm and quietude. It is a psychological observation, for it appeals "telegraphic definition."

The apparent twinkling of a star is purely an atmospheric effect. Stars twinkle most when the atmosphere is disturbed. When a ray of star light passes through moving atmospheres of varying densities by the laws of refraction and deflection a light ray may appear as changing its color or it may be deflected from the eye for the instant when it adjusts itself again and we say it twinkled.

WALTER WINCHELL

NEW YORK, March 19.—She is a young English actress, and her mother was her companion everywhere. Matter also arranged all bookings so that her little girl would not have to come into contact with the wicked theatrical producers in their offices, and stage-door Johns were given the chill in the couple's mad dash from the theater after the performance.

Then the lass decided to come to New York. Her mother, who wouldn't chance a sea voyage finally consented to permit the girl to go alone, but only after she exacted her oath that she would never appear in any production that might damage her good name.

"Whatever you do," counseled mamma, "do not join any musical where they have those foul sketches, or show your legs. Do nothing I will be ashamed of."

So Ann Trevor, which is the actress' name, came to America a few years ago, and accepted a role in "The Captive," which was raided!

BRAVO!
Perhaps few other popular men are so annoyed with autograph hunters as Mayor Jimmy Walker. At the Edison Center dining recently, for example, a person urged him to sign his name in his album. The mayor complied, and turned to talk with the honored guest.

"But," butted the dais crasher, "you must add some appropriate sentiment."

So Walker penned: "To a damned nuisance."

PA THANKS MA FOR ADVICE

Nearly every reader of The News who has a wife received driving instructions from the back seat of his automobile. He also received instructions from visitors in the back seat. Evidently, it is a reader who has had such an experience who sent us this poem by some unknown writer.

Before we take an auto ride, says Pa to Ma, My dear,

Now just remember I don't need suggestions from the rear. If you won't just sit still back there, and hold in check your tongue, I'll take you where you want to go and bring you back all right. Remember that my driving's good and also I'm not blind, And I can drive this car without suggestions from behind.

Ma promises that she'll keep still, then off we go. But soon she notices when a peddler and a milkman pass, "You better look your horn," says she, "to let 'em know we're here." "You ain't know we're here?" "Just strike 'em, my dear."

And then he adds, "Some day, some guy will put a gun in this car, and you'll be drivin' north on Lehigh valley for women folk to blow."

A little farther on Ma cries: "He signalled for a turn!" "Did he?" in a tone that's hot enough to burn. "Oh, there's a boy on roller skates!" cries Ma. "No, he's goin' slow."

My dear, I don't see how you can be so sure he ain't goin' slow, yet, but really it may be. That I ain't blind and cannot see what's right in front of me."

If Pa should speed the car it bit some ting to hurry Pa.

Ma whispers, "Do be careful now. You're drivin' much too fast." And all the time she's pointing out the dangers of the street. And keeps him posted on the road where trolley cars had met.

Least night when we got safely home, Pa sighed and said: "My dear, You size we've all enjoyed the drive you gave us from the rear!"

HE DIDN'T WALK A MILE FOR HIS CAMEL

What you say isn't always so important as the way you say it. It's always possible to tell the truth without giving offense, if you only possess the necessary skill. You remember the story of the caliph and the two soothsayers:

A caliph dreamed one night that his beard fell out, leaving his face quite hairless. He told this dream to a soothsayer and asked its meaning. "Commander of the faithful," the soothsayer said sadly, "your dream

being interpreted, means that all your family, down to your youngest child, will die before your eyes.

"Away with this fellow!" roared the caliph. "Let him have 250 lashes. Struggling and cursing, the soothsayer was dragged away, and the caliph sent for another soothsayer. He told his dream again, and again he asked its meaning.

"Sir," he said, "rejoice; this most suspicious dream means that your life will be prolonged beyond the lives of all your family. Yes, even the youngest will fall to outlast you."

The second soothsayer was sent away with a camel, a carpet and a purse of gold.

MACHINES AND QUACKS

The X-ray has proved itself one of man's greatest blessings. But all blessings can be made a curse when overdone.

Now every jacking has an X-ray machine and the unscrupulous use it to fleece the simple. The old-fashioned dentist pulled a tooth and charged a quarter. The new one—

first to see how to get hold of the tooth and then taken another to see what kind of job he did. "Twelve dollars," says he; "two for pulling the tooth, and ten for two pictures."

So also the crooked eye the new violet-ray lamps to trim suckers. The lamp is a blessing in the hands of an honest man who knows how to use it. But the quack buys one and thereafter uses it to treat whatever may ail the simpleton who is willing to pay five dollars.

Conditions in which the lamp is beneficial are few. If an ignorant hick doctor suggests using it, the only reason is because he has bought one and wishes to get his money back.

The great inventions of medical science are useful only in the hands of trained and intelligent men. In the hands of a quack they are dangerous. Don't let the machine impress you until you study the man who is to use it. If he is a fool or a crook, let the machine alone.

Public Finds A New Coolidge Revealed By Literary Effort

Philosophy Of The Former President And His Attitude Toward High Office Analyzed As He Removes Official Mask

Study of former President Coolidge's initial literary effort, a magazine article published immediately after he left the White House, has resulted in a rather general recasting of the public estimate of his quiet personality. Especially is there interest in his philosophy as revealed in his comments on the death of his son Calvin.

"The glory and the power of the presidency departed, Calvin Coolidge writes, with the death of his eldest son," says the HARRISBURG TELEGRAPH. "Coolidge is cool, his calm, uncommittal personality becomes Coolidge the fond father mourning for his first born, and, like millions of others before him, questioning the inscrutable ways of Providence in this visitation of sorrow."

The greatest triumph is tugged by tragedy; the greatest joy is always unclouded with sorrow. Mr. Coolidge forgets the glory of the presidency to keep over the grave of a beloved son. The country will love him the more for this frank and simple revelation.

"The president who made no parade of his private grief at the time, but carried on with no outward expression of it, though the shock it now seems, inspired his decision to renounce another term," the GRAND RAPIDS PRESS observes. "It is also the father to whom the boy turned in suffering and delirium. He was asking me to make him well. I could not. Inability to do this for a dying son turned the presidential power to dust and ashes."

Perhaps the common voters saw deeper into this Coolidge than the critical intellectuals. The ELKHART TRUTH believes that "the people of the nation will feel closer to the former president on learning more intimately about his paternal devotion."

Calvin Coolidge, the man viewed as stern, silent and cold-blooded, loosed and revealed a thoroughly human soul to his countrymen, aver the TULSA WORLD, which finds rare literature in the grief-stricken story. The ADRIAN DAILY TELEGRAM offers the estimate of his writings: "The former president's words seem strange, coming from a man whom we have been led to think as so practical and hard-headed. It is almost mystical, his allusion to the strange, inscrutable destiny that made his son's death appear as the price of his own triumph."

He entered many an afflicted human mind. Why should we be surprised, and why should the public not have guessed it from the first?"

The DANBURY EVENING NEWS recognizes in him a "bereft father, trying to understand, as millions of other bereft human beings have tried

to understand, the eternal mystery of life and death, and the inscrutable ways of Providence."

"Despite the glamour that surrounds exalted stations, the people occupying them are human, with the secret sorrows, the troubles that beset the rest of mankind," records the NEW YORK EVENING WORLD, while the KANSAS CITY JOURNAL-POST takes the thought: "As president he did not give way to his grief, as King David did over the death of his beloved Absalom, but it is plain to see that the thought 'his son was mortal' for he saw all kinds of promise in that remarkable lad, taken away so prematurely."

The HUNTINGTON ADVERTISER feels that the article already printed "sheds more light on the inner man than the reader could ever hope to get from the countless addresses and official statements during his six years' occupancy of the White House."

"While president, Mr. Coolidge probably left unanswered more questions than any of his predecessors in that office," the ATLANTA JOURNAL draws the conclusion: "He did not do this to leave fresh material for the writers of course, but his position as author, Winterer he says now, with the bonds of public service broken, will have the virtue of being not only history but news."

The SOUTH BEND TRIBUNE predicts a "massive public interest in what he may have to say about international affairs and on the presidential routine."

Assuming that he is "prepared to lay bare the intimate thoughts, the more personal emotions he experienced while president," the WORCESTER TELEGRAM remarks that "no previous president has done this."

The HINGHAMTON PRESS offers the suggestion: "It is, in essence, a political analysis. Perhaps it is not wise to expect political 'revelation' from Calvin Coolidge. Yet if he would tell the inner story of his attainment to the supremacy of his party—which he does not do—what a graphic page of American political history that would be!"

Words merit in his workmanship, the EL PASO HERALD states: "Readers want accuracy and condensation. Mr. Coolidge has these qualities in an unusual degree. He has essentially a critical mind. He seeks proof. When he makes a statement, either written or spoken, it can be accepted as exactly his face value."

The GLENDALE NEWS-PRESS credits him with the "faculty of expressing himself effectively."

"Most Americans are of rural background or antecedents," suggests the OLEAN HERALD, "and instinctively they understand the viewpoint and the way of thought and action of this rustic Yankee. They have a shrewd suspicion that Mr. Coolidge has stored up a good many thoughts and observations that will be worth attention now that they can be told."

The BELLINGHAM HERALD is impressed by the thought that "in the last few months a new sort of Coolidge has been unfolded," and points out that "it was a topic of wide comment that as the days of his voluntary retirement approached, his grim and mask-like visage softened and took on an aspect almost of happiness."

OVER-ESTIMATING MISTAKES

A Jersey postal clerk who, in his twenty years of service, had taken great pride in the accuracy of his counts, killed himself, because he couldn't account for a twenty-dollar shortage. After his death, inspectors found he had made a mistake in his figures and that he was 21 cents over instead of \$20 short.

Poor man, like so many others, he lost his sense of proportion. He got himself all out of proportion to his job and his life. He took his mistakes too seriously. No use taking any mistakes so seriously that you let it wreck your life—much less a little mistake. The first thing a normal man should do is forgive himself—and then make up his mind not to make the same blunder again. Of course he will make other blunders, but unless he is very stupid they should always be OTHER blunders.

LACK OF POISE

News dispatches tell us that at a recent meeting in New York of those who would like to see the United States adopt the communist form of government, after the Russian manner, table legs, umbrellas, and canes were wielded in a free-for-all riot. Why is it that those who are the most eager to set up a new form of government are those who can't govern themselves? The most advanced radicals are likely to be men and women lacking in poise. There are no personal or national leadership without poise, but radicals never seem to think of that.

PENETRATING

German and English automobiles used to be the most popular makes in Lithuania. Lithuania is conveniently located near Germany and there is no doubt both German and English motor cars are well made. It is interesting to learn now that American automobiles in Lithuania have taken the lead away from other countries in the past two years. We learn, too, that a company which is plowing for the first time the wide farm lands of North Manchuria, out here by the Chinese rail, is using American machines exclusively.

A CEYLON SUGGESTION

All the civilized ideas are not grown in our dooryard. From the far island of Ceylon in the South Seas comes news that four men were recently fined in court for playing cards on a train in such a manner that they interfered with the comfort of other passengers. American railway companies and courts please take notice.

When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake, it is just what he expected.

When a Doctor makes a mistake, it becomes the Law of the Land.

When a preacher makes a mistake, nobody knows the difference.

But when the Editor makes a mistake—good night!

In the South in the old days cheap buildings and huts had roofs of palm leaves, and other kinds of native growing thatch. We have noticed in recent years that tin is used great-

ly on the roofs and in some instances whole buildings are built of tin over wooden frames. In China and Japan much tin is used in building houses. This is all right where the climate is reasonably warm. Touching a piece of frozen tin is not pleasant.

The Presidency may not change Hoover, but will want to see what he does about the double-breasted blues serge.

It is pleasant to have guests and yet more pleasant to tell when necessary: "Say, how long do you intend to monopolize the bathroom?"

Some days ago a committee of local men had a conference in Beaver Falls and some chips in the conference would not go along on account of the football controversy between New Castle and Beaver Falls. At least they used it as an argument. Of course, that's all right.

Citizens Fight Abattoir Near Unknown's Tomb

By ALFRED T. NEWBERRY,
International News Service Staff
Correspondent

ARLINGTON, Va., March 19. — Folks here say the lone soldier who paces silently the length of the Tomb of the Unknown Soldier in Arlington National Cemetery will have to wear a gas mask if permission is granted for the erection of an abattoir in the cemetery.

They claim the offensive odor will be inevitable while the cattle pens will form a permanent eyesore to the community.

The War Mothers and Women's Auxiliary of the American Legion have joined ranks to protect the Tomb of the Unknown Soldier and the thousands of war mothers and widows who meditate before the tomb each year.

Write Protests

Letters of protest have been sent to Gov. Harry F. Byrd, county authorities here, the periodic organizations in the fight. They asserted such a plant would form a distinct disadvantage to both Arlington county and the state of Virginia. Cattle and dressed meat would be transported over a spur railroad track which crosses the Jefferson Davis highway, the main artery to the South. The ruins would delay traffic considerably, opponents of the plant said.

One of the letters sent to Governor Byrd numbered six pages. It was written by Frank G. Campbell, chairman of the special protest committee. He told the governor that although the community is merely a county, only a few years remain before it will rise as the "City of Arlington" on the banks of the Potomac opposite Washington. He supported this prediction by the last census

which revealed the county had increased 37 per cent in population. His letter said in part:

"If this plant is erected the coming city will find it standing directly in its front yard."

Mr. Investigator Campbell also had something to say about the representative Governor Byrd sent here to investigate conditions. He claimed the investigator heard only the viewpoints of advocates of the proposal. He cited the official was piloted on his tour by an attorney for the abattoir concern.

Opposition to the plant was expressed in resolutions by the Spangler Chapter, American Legion and the War Mothers, and made public by Miss Gertrude Croker, secretary of the Civic Federation.

"Parr" Players Doing Nicely

New Castle's Musical Comedy
Supreme About Ready For
Opening Show On
Thursday

SNAPPY MUSICAL NUMBERS FEATURE

Several persons who witnessed the rehearsal of "Parr" last night at the Cathedral in its entirety, were of the opinion that the musical comedy patrons of New Castle had something fine in store for them on Thursday and Friday nights of this week.

The show being rehearsed by Carroll Kearns is without a doubt one of the smoothest musical comedy efforts ever attempted here. After weeks of tireless rehearsals the show is ready for production. The various members of the cast are almost letter perfect and the choruses are nearing perfection under the careful tutelage of "Dick" Patterson.

The two-act play is filled with up-to-date song hits. The principals have splendid voices and their numbers are sure to please the most exacting. "The League of Nations" Fourson will carry the comedy of the show, with their comic song "She's Funny That Way" bringing down the house. Al Evans will outshine that famous blackface comedian Al Jolson in his number "Sunny Boy" and "There's a Rainbow Round My Shoulder. Wait till you hear 'Red' Williams sing 'Revenge'."

The Derby girls are sure to appease your thirst for the very latest in pulchritude. The "Blue Grass" number sung by Mrs. Ralph Cooper is one of the big hits of the show. Miss Audrey Baker, the local well known dancer is a head liner in her number "Don't Be Like That."

Mrs. William Mayberry and Howard Wylie, the leads, have several fine vocal numbers that are sure to go over big. Mrs. Mayberry has a lovely soprano voice and Mr. Wylie is a baritone. Mrs. James Rugh has a comic number to sing that is a "wow" and supported by the Englishman steals a lot of good comedy stuff. Mrs. William Gordon and Joe Williams will be mane and papa in the show and they are very clever.

For all around good clean, wholesome comedy and entertainment "Parr" stands out like a lighthouse on a foggy night.

MURIEL DEVINE
"Happiest Girl in Penn."

So many mothers nowadays talk about giving their children fruit juices, as if this were a new discovery. As a matter of fact, for over fifty years, mothers have been accomplishing results far surpassing anything you can secure from home prepared fruit juices, by using pure, wholesome California Fig Syrup, which is prepared under the most exacting laboratory supervision from ripe California Figs, richest of all fruits in laxative and nourishing properties.

It's marvelous to see how bilious, weak, feverish, salter, constipated, under-nourished children respond to its gentle influence; how their breath clears up, color flames in their cheeks, and they become sturdy, playful, energetic again. A Pennsylvania mother, Mrs. Margaret B. Devine, 6032 Locust St., Philadelphia, says: "My little daughter, Muriel, was so constipated that I was badly worried. Then I decided to give her some California Fig Syrup. It stopped her constipation quick; and the way it improved her color and made her pick up made me realize how run-down she had been. She is so sturdy and well now, and always in such good humor that neighbors say she's the happiest girl in Pennsylvania."

Like all good things California Fig Syrup is imitated, but you can always get the genuine by looking for the name "California" on the carton.

Merger Plan Very Remote Idea, Says Newcomb Carlton

Western Union and Radio Corporation Not To Merge, Says Telegraph Executive

International News Service.
NEW YORK, March 19.—Probability of a merger between the Western Union Telegraph company and the Radio Corporation of America became more remote today following a statement by Newcomb Carlton, president of Western Union. Carlton has issued a challenge to the newly organized R. C. A. Communications, Inc., to compete with his company in the field of domestic telegraphy, which the radio corporation's new subsidiary proposes to enter, according to an announcement made Sunday.

There is no known method by which comprehensive system of radio can be made available for the competent handling of a substantial part of a national service. Carlton said. "There appears to be no chance of a merger. The Radio corporation has nothing we now wish to use, and if we ever need anything they have we can get it from other sources."

442 of the 451 important Hollywood actresses use Lux Toilet Soap

BETTY BRONSON, Warner Brothers' star, in the luxurious marble bathroom built in Hollywood just for her charming youthfulness. She uses Lux Toilet Soap not only in her bathroom, but in her dressing room on location—wherever her pictures are being made.

The next time you see her in a close-up, notice how smooth this daintily fragrant white soap keeps her skin.

She says about Lux Toilet Soap: "A star must have smooth skin for the close-up. I find this lovely soap is wonderful for my skin."

"SMOOTH SKIN is a perpetual attraction," says Allan Dwan, famous director—and sums up what 39 foremost Hollywood directors have learned from the movies.

"The kind of rose-petal skin which can pass the test of the close-up is the kind of beauty that gets the American public every time," he goes on to say.

It is for this reason that 9 out of 10 screen stars use Lux Toilet Soap. They have found that it keeps their skin satiny and soft—always. And all the great film studios have made this white fragrant soap the official soap in their dressing rooms.

MRS. HARRY DAYTON

"I feel like a girl again and before I found this wonderful Konjola I was on the verge of giving up hope of ever finding anything to quiet my nerves and end my stomach trouble," said Mrs. Harry Dayton, 744 North Portland street, Philadelphia, Pa. "I had no appetite, and what I forced myself to eat was not digested, was fermented, and the pressure around my heart was alarming. I was cold, my complexion blotchy and I was too weak to attend to my work."

"The indications of Konjola were so sincere that I decided to try this new medicine to a test. Imagine my surprise when three bottles of this new compound had ended my nervousness and restored my digestion. My complexion is sunny, I am hungry all the time and the pressure around my heart is gone. I am stronger in every way than in years. It is easy for me to understand why Konjola is known as the medicine with more than a million friends."

PEPPER'S ADVENTURES IN ANIMAL LAND

PRIDE KEEPS DRAKE CALM
The more he thought about the impatient frog, the angrier Drake grew. Suddenly he began to scold Peter.

"You take the frog's part, do you? You hateful creature, giving your opinion when nobody asks you to! Who are you, anyway? I should like to know! Nobody of much sense. I'll be bound!"

Peter laughed until his sides ached and the tears ran down his cheeks. Sir Drake was so angry that every black feather in his neck stood up straight, and he opened and closed his beak with such loud snaps that the boy could hear them from where he stood on the bank.

"Ha, ha, ha! If only you knew how funny you look, my dear Drake, I am sure you would come down," cried Peter. "Ruffled plumage is not a bit becoming to you, and when you really are so handsome what is the use of looking ugly? Since you ask me, I am the youngest Two-Legs who lives on that farm beyond the woods. You have never met me, but I know you well!"

At the boy's last remark, Drake's back dropped open. He appeared to be very much surprised—too dumbfounded to speak in fact—but he turned around and slowly paddled toward the bank.

Peter was glad to see the fellow was getting over his fit of ill temper (he didn't look cross now) and thought if that was the effect his voice had upon the bird, he had better keep right on talking. Perhaps after a while Drake would grow good-natured enough to tell him a

number of things that he wished to find out about the fellow's affairs, so the boy continued:

"To prove that I am telling the truth I will tell you who you are. You are Mrs. Duck's husband, and you and all your family live in the old mill pond. Lots of times when you have thought that you were alone, drowsing in the sunlight, I have been hiding in the grasses high on the bank above you and watching all that you did."

One day I was sure that something terrible had happened to you—that you had lost your neck. Why, your head was right on top of your body, resting upon it. I should say I nearly cried out with surprise, but I remembered just in time how angry that would make you—perhaps never again would you have come to that part of the pond—and so I never made a sound, but just watched."

"Pretty soon your wife—or one of your wives, for it looked to me as though you had several from the way you had been giving those ducks orders a few moments before—began to make her toilette. First she took a shower bath, spraying herself well with water and shaking off the sparkling drops, until she shone like polished black marble."

Next: "Madam Duck's Beauty Parlor."

Diplomacy To Be Watchword Of New Commerce Secretary

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.
WASHINGTON, March 19.—Robert C. Lamont, a man of a diplomatic personality, is a smiling man, his manner is good-natured, friendly. Directly following his appointment as secretary of commerce, he was revealed as a member of the Association Against the Prohibition Amendment—a terrible thing to be discovered in a member of as dry an official family as President Hoover's is supposed to be.

Naturally he has been joshed about it to the limit of almost anyone's patience. After the millionth time or thereabouts, such jokes grow very tiresome to their victim.

Yet Colonel Lamont, the new secretary, is an ex-World War colonel, continues to look pleasant as he listens to them.

I heard one cracked at his expense the other day, by the very individual who was introducing me to him.

"That cat certainly keeps coming back," said the colonel, laughing. "I bet he was boiling inside, but he never showed it—real diplomacy."

The colonel needs to be a devil-in-the-wood diplomat for another reason. He probably needs to be even more of a diplomat than the secretary of state, whose business is diplomacy.

He holds the most ticklish job in President Hoover's cabinet.

The colonel, himself, refers to it as a "job"—not a "post," a "position" or a "portfolio"—just a plain job is the way he describes it. The new commerce secretary is not a bit affected or racy.

Be that as it may, Colonel Lamont holds the same cabinet job that President Hoover himself formerly held.

35,690 benefited by recent "BLOOD CELL INTELLIGENCE" book mailed FREE to any person suffering from Anemia, Rheumatism, Diabetes, Asthma, Kidney and Stomach Trouble, High Blood Pressure or any Blood Disorder.

PITTSBURGH RESEARCH LABORATORY, 414 Floor Research Bldg., Pittsburgh, Pa.

master engineer last—but one—before him.

Be it understood, nobody pays any compliments to Mr. Whiting. The latter appears to have had hopes of holding over into the Hoover administration.

Anyhow, during his last few weeks as secretary, he was reported to be planning a departmental reorganization, which it seems unlikely he would have contemplated if he had considered himself a mere stop-gap. The theory is that this shake-up, had it eventuated, would have created numerous vacancies—perhaps explaining the death of tears shed for the officially late Mr. Whiting.

He was very undiplomatic.

The diplomatic Colonel Lamont says not a single thing will be altered from the way Mr. Hoover left it, except as the old hands quit, and he will do all he can to prevent that.

Walter F. Brown, the department's first assistant secretary, is gone already—to become postmaster general. W. F. MacCracken, Jr., assistant secretary for aeronautics, wants to quit as soon as possible, to make more money. There are rumors that Dr. Julius Klein will resign as director of foreign and domestic commerce as soon as he gets back from Europe. And the colonel will bring a personal secretary from Chicago.

Otherwise it will remain the same old department to the last messenger boy.

Colonel Lamont admits that he knows very little about the department as yet—and will not until he has finished his present exhaustive study of Mr. Hoover's methods.

The colonel's clean-cut face has the neat look that goes with a pair of rimless eye glasses. He resembles a bank cashier—not fat and pompous enough for a president.

He bears all the earmarks of a snappy executive, with plenty of ideas of his own, but he plainly feels that this is no auspicious time to map out a lot of new policies. Secretary Whiting tried that, and back he went to Holyoke, Mass.

48 Snakes On Ship; Found Born At Sea

LOS ANGELES, March 19.—When Capt. B. Griel brought in the McCormick steamer West Natus from South America, recently, the manifest attested cargo to include one snake, whereas they were forty-nine aboard.

It looked like a case for the customs officials to go into, and they did, only to back down immediately. The case held forty-eight baby snakes, all born five days before the ship reached San Pedro.

To make it worse, they are box constrictors. The slight-foot mother snake was brought in Bahia, Brazil, by D. B. Bull, an ornithologist, and was to be turned over to the California Academy of Science at Golden Gate Park, or a museum at Seattle. Now with forty-nine of the stranger reptiles, he doesn't know what to do with them.

The baby snakes, although only five days old, raced about with agility, and one bit a seaman's leg after birth, but they are not poisonous.

Bull also brought back dead specimens of a rare bird, tridactyl, and a series of eggs. He said no such collection exists in the Northern Hemisphere.

Boston Business Men Will Tour Country

(International News Service)
BOSTON, March 19.—A "national land cruise" has been announced by the Boston Chamber of Commerce which will present to members of the chamber an opportunity to see the business centers of the south and west, to meet leading business men of these localities, and to "sell" Boston and New England.

The itinerary will comprise a trip to the Pacific coast by way of Georgia, Louisiana and Texas, and a return journey across the continent. The trip will extend from April 22 to May 12.

ARBOR AND BIRD DAYS PROCLAIMED BY FISHER

Governor Sets April 12 and 26 Aside For Constructive Work And Study In Conserving Pennsylvania Forests And Wild Feathered Life

HARRISBURG, March 19.—Statute that Arbor and Bird Days are a beautiful, bountiful state in which to live. These annual celebrations are occasions when men, women and children should take part in a constructive way by planting shade, fruit, nut and ornamental trees; by restoring barren hillsides or vacant lots; by beautifying school grounds and homes with shrubs, vines and flowers, and

"The economic and aesthetic values of our forest and bird life are matters of concern to every citizen in the state. The birds not only charm us with their songs and beautiful plumage, but are invaluable protectors to the farmers. The forests purify our water supply, protect the streams and lakes, provide shelter and food for birds, animals and human beings, supply recreation centers for the citizens and furnish shade and ornamentation on the hillsides, along the highways and around the homes."

"Pennsylvania belongs to its people. Arbor and Bird Days are a challenge to every citizen to propagate forests, conserve bird and wild life

and make Pennsylvania a more beautiful, bountiful state in which to live. These annual celebrations are occasions when men, women and children should take part in a constructive way by planting shade, fruit, nut and ornamental trees; by restoring barren hillsides or vacant lots; by beautifying school grounds and homes with shrubs, vines and flowers, and

by providing food trees, shelters and water mountains for birds.

"Let the coming Arbor and Bird Days be of such outstanding action on the part of the schools, communities and citizens generally that our efforts will be rewarded with renewed forest life and added beauty to our hillsides, highways, school plants and homes; and that such attention be given to bird life as will lead to a more intimate and sympathetic understanding and a larger measure of care and protection of the little denizens of the air who do so much to help us and cheer us with their merry songs."

Perelman Sends Greetings From Hawaiian Islands

Alderman L. C. Mantz, Croton avenue reports that he got a postal card this morning from J. F. Perelman, local merchant, who is at present enjoying an extended sojourn in the Hawaiian Islands.

Mr. Perelman states that the sights in the islands are beautiful and that the vegetation is wonderful. He sends his best wishes to his New Castle friends.

Mr. Perelman left here around February 5 and expects to return sometime around the first of April.

Play Fair with Baby Chicks Give Them Vi-tal-ized Feed

IT IS VITAL to chick life that their feed be VITALIZED with A, B and D vitamins. There is no substitute for these mysterious life forces. You cannot expect success if you are "hoping" or "guessing" about the vitamin supply—you must be sure of it!

Don't "take a chance" or "maybe so." Feed your chicks Conkeys Buttermilk Starting Feed—it is already VITALIZED with Conkeys Y-O. You'll have more chicks... better chicks... and more clear profits—for truly "IT FILLS THE BILL!"

Conkeys Buttermilk Starting Feed with Y-O

is a scientifically proportioned feed for Baby Chicks from 48 hours to 6 weeks old. Buttermilk, milk albumen, meat meal and the purest of other ingredients are blended with the utmost care and accuracy. Now, with the vitamins added, there will be no rickets or "leg weakness"—there will be even less mortality, and the chicks will make maximum growth.

MOTORCYCLE RIDER IS HURT BY HIT AND RUN DRIVER

Isaac Gordon, Philadel. R. D. No. 1, victim of a hit and run driver, is in the Shenandoah Valley hospital with a terribly shattered leg, and it will be some time before he fully recovers from his injury.

He was injured about midnight Saturday at the state line on the New Castle - Youngstown road. He had been riding a motorcycle and he was struck by a car which was pushing the motorcycle along the roadway. When a Ford car going about 40 miles an hour, rounded the corner that night, striking and seriously injuring Gordon.

Gas Tax Measure Ordered Drafted

Special Deputy Attorney General Schnader Ordered To Draft New Gas Tax Bill

HARRISBURG, March 19.—All doubt that a four cent gasoline tax will be introduced was dispelled today when it was learned definitely that Special Deputy Attorney General William S. Schnader had been instructed to prepare such a measure.

Neither the details of the bill or the manner of collection has been decided. Republican State Chairman Edward Martin, the auditor general, as well as Governor Fisher have in-

HE WOULD LIE AWAKE NIGHTS FOR HOURS

Catarrh of Head and Stomach Almost Wrecked This Man's Health.

Pays Glowing Tribute Now to World's Tonic

"For fifteen long years I was practically all the time suffering until I began taking World's Tonic and I suffered agonies with my stomach. For hours after every meal I was racked with pain from head to foot and nothing seemed to relieve me until I took World's Tonic, which I now recommend to everybody else.

"For honestly, I think it is the greatest medicine on earth," said Mr. Willis Young, 242 Mercer street, Sharon, Pa., in a recent letter to the World's Tonic home office. "Pains in my stomach bothered me and usually it seemed that I had a lump in my stomach. The food I ate did not taste good, my appetite was very poor and I also suffered from Catarrh of the head. Mornings I would wake up with my nose all stopped up and it would require sometime to remove the dry scabs that had formed during the night. I would spit up a great deal

of mucus. I became uneasy for fear that a cough might turn into something worse.

"Many said I suffered from ulcerated stomach which they said was the reason I had indigestion all the time and fluttering of the heart. Being in this condition so long got on my nerves and I would lie awake for hours at night and was barely able to work the next day. I went this way day after day, week after week without getting any relief until World's Tonic came into my home. What a blessing it has been for it saved me many hours of good sleep and worry and it has put me in condition so I am able to work with vim.

"I can now eat anything I want without any bad after effects and I am certain in my head is about gone. In fact, World's Tonic has done everything claimed for it and I had to use only five bottles to obtain all this good result."

Firearms Bill Before Senate

State Senate To Reconvene At 5 O'Clock To Consider Salus Firearms Measure

MORNING SESSION ADJOURNED EARLY

By WILLIAM F. BROWN, Correspondent

HARRISBURG, March 19.—Action on a number of bills, including the Salus Firearms measure, was delayed in the Senate today because final copies had not yet come from the printer.

The Senate after a short session recessed until 5 o'clock when the measures postponed will be considered finally.

Bills passed included that sponsored by Senator Mansfield, Allegheny, to restrict the use of the words "college" and "university". The bill is aimed primarily at business "colleges" which offer short term courses at cut rates. Graduates of such institutions find themselves unable to meet the requirements now laid down by the State Council of Education.

The Prazier bill creating a department of supplies and purchases and a department of city architecture in Philadelphia also was passed finally.

Escaped Criminal Pens Letter Boasts About His Freedom

Hagerstown, Md., Police Get Letter Supposedly Written By "Jack Hart"

HAGERSTOWN, Md., March 19.—Police here today were in possession of a letter, written on local hotel stationery, and signed "Jack Hart, escaped con". They are attempting to determine whether the letter was actually written by the Baltimore desperado of that name who recently escaped from the Maryland penitentiary at Baltimore, where he was serving a life sentence for his part in the murder of William Norris, Baltimore contractor's paymaster in 1923.

The writer of the letter, which was sent to a local newspaper states that he is on his way west, and is writing to newspaper editors in every town he visits.

"They'll never catch me, and if they do, I can break out of any pen any time I want," the writer of the letter stated.

Hart once before escaped from the Maryland penitentiary and was captured in Chicago after several months while allegedly participating in a silk robbery there.

TIRE COMES OFF, RUNS INTO AUTO

O. G. Crooks, Lakewood, R. D. No. 9, reported to the police Monday that he was driving west on Croton avenue at Armstrong alley. As his machine struck the street car switch at this point, the tire on the left front wheel of his machine came off and threw his machine into a car bearing Pennsylvania license 358-952, which was parked on the north side of the street at that point. Some damage was done to both cars.

John F. Woods of North Mill street, who has been sick for some time, expects to return to his work at the B. & O. shops within the next few days.

ICY WATERS SURROUND 200 HOMES

Beaver County Solon Proposes New Plan In Building Of Highways

By ROBERT F. GORMAN, Correspondent

HARRISBURG, March 19.—Urging a modification in the 12-year highway building program, Representative Fred A. Iterson, Beaver county, today declared that the administration program which would cost \$60,000,000 means that construction is to be carried on at a cost of about \$50,000 per mile.

He indicated that this amount is too much and that the cost should only be about \$35,000 per mile, an amount sufficient "if the legislature has courage enough to compel the use of low cost type construction."

Representative Patterson said, "an important problem from the legislature is to render more aid to the farmer than to the tourist and the owners of busses and trucks. This can be accomplished only by forcing the highway department to reduce the cost a mile and mileage of new construction and replacements on state highways for which the department intends to use about \$60,000,000."

By reducing the cost per mile the Beaver member said that about \$20,000,000 could be used in helping eliminate some of the bad roads in townships which would be of real aid to the farmer.

Stock Market Very Uneven

Tide Of Speculation In Stock Market Today Rises And Falls In Spells

RADIO STOCK IS OFF 13 POINTS

By W. S. COUSINS, International News Service Financial Editor

NEW YORK, March 19.—The tide of speculation rose and fell in Wall street today carrying prices of the market's "blue chips" violently backward and forward over a fairly wide range. Forced down in the first two hours profit-taking, the industrial favorites snapped back aggressively in the early afternoon under a heavy turnover, with Radio flashing across the tape at the rate of 110,000 shares an hour.

Radio sold off 13 points from the peak of the move when the stock declined to 66.

The stock was eagerly snapped up at the price of the early afternoon and recovered in a violent movement up to 100 1/2. The old stock sold at 40 down 55 points from the peak, but little attention was paid to it, as it is to disappear from the boards on Friday.

Higher prices for copper and lead spurred the active stocks in the metal group. St. Joseph Lead performed spectacularly with a new move up to 8 1/2, and Anaconda breezed along to 104.

United States Steel moved up from 165 to above 183, in company with the advance of American Steel Foundries and Bethlehem.

Baldwin Locomotive and National Cash Register headed the best market performance in the specialties. The proposed split-up in Baldwin stock caused Baldwin to shoot up another 9 points to 265. National Cash Register sold above 143, an advance

of 13 points above Monday's low price on powerful buying demand.

Stock sales in the first three hours were at the rate of 850,000 shares an hour. The railroad stocks were again on the inactive list, with New York Central and Baltimore and Ohio up 2 points each.

Plan To Probe College Liquor

Hoover's Fact Finding Commission Will Probe Drinking In Colleges And Schools

SEEK TO LOCATE SOURCE OF SUPPLY

WASHINGTON, March 19.—One phase of the prohibition investigation to be made by President Hoover's law enforcement commission is to be that pertaining to the use of intoxicating liquors by students at schools and colleges, it was learned today.

Some of the strongest opponents of prohibition insist that the 18th amendment has increased youthful wildness and that the average girl and boy half-way through school are consumers of the latest bootleg concoctions of the day.

So far as college drinking was concerned, however, an apparent decline was indicated by reports to the treasury. During the last year four universities appealed to the prohibition bureau for assistance in wiping out the bootleg traffic with students. The year before six appeals for assistance. Whether this represents a decline in student drinking or resignation on the part of the faculties, however, remains to be determined, and even that marked a material drop from former years. Prohibition officials expressed the hope that Mr. Hoover's commission would look into student drinking with great care, especially with reference to the use of intoxicants at social and athletic functions.

Beatification Of Bosco Takes Place In Vatican Today

By WILLIAM F. BROWN, Correspondent

VATICAN CITY, March 19.—There was an impressive scene in Consistory Hall of the Vatican today when the Pope witnessed the reading of a decree of beatification for Don Bosco, a noted educator. The pontiff in exalting the virtues of Don Bosco recalled that he was a warm supporter of conciliation between the church and the Italian state. Therefore, the pontiff said, he was glad to be able to glorify him.

McCracken Resigns Commerce Position

WASHINGTON, March 19.—William P. McCracken, Jr., assistant secretary of commerce in charge of aeronautics, has resigned, but at President Hoover's request has consented to remain on for two months it was announced officially today.

McCracken plans to enter commercial aeronautics.

CONNELLSVILLE, Pa., March 19.—Slipping in front of a B. & O. train today, James H. Darby, 70, coke worker, was instantly killed at Youngstown Junction, seven miles south of here.

Dramatic Liquor Drives Shunned

WASHINGTON, March 19.—While President Hoover plans a general tightening up of all law enforcement

machinery there are to be no spectacular or dramatic "drives" to enforce prohibition such as have sporadically featured the government's attempts to enforce the Volstead law in the past it became known.

The administration believes more effective work can be done without dramatic.

Two New Castle Relatives To Get Share Of Estate

NEW YORK, March 19.—Paul F. Butz, of 9 North Mercer street, New Castle, Pa., receives \$4,085 of the estate of his late cousin, Mrs. Claire F. Marshall which was filed for appraisal in the office of the New York State Transfer Tax Department here today, showing a net value of \$11,320.

Anna I. Gilliland, a cousin, of Highland avenue, New Castle, receives a life estate of \$4,085, which on her death is to pass equally to Edward F. and Sally Norris, second cousins of the decedent, both of New Castle. Mrs. Marshall died February 26, 1928.

Youth Hunted In Death Of Brother

TOWER CITY, Pa., March 19.—Police today were searching for George Wessner, 20, of this city in connection with the fatal shooting of his brother, William Wessner, 31, at their home last night.

William, who staggered to the home of a neighbor, Jacob Hantz, following the shooting, managed to gasp, "George did it," before he collapsed and died, according to Hantz. When police arrived at the Wessner home it was found that George had fled to the hills.

County Round-up Plans Under Way

Mercer County High Schools To
Compete At Sharon
In April

(Special To The News)
GROVE CITY, March 19.—Committees have been appointed for the county music-literary round-up to be held in Sharon, Friday afternoon and evening, April 19. New features this year are the competitive examinations in first and second year English and the first and second year Latin. Other subjects are the first year algebra, American history and spelling.

The usual other events also challenge those in extemporaneous speaking, essay, oration, reading and declamation. Music, vocal solo, violin and piano will be offered. Business students will be afforded an opportunity to enter the contest in typewriting, bookkeeping, and rapid calculation.

The following are the committees appointed the first person named chairman in each case: History, Miss Barnes and Mr. Wagner; declamation, Miss Taggart, Mr. McBride and Mr. Jack; oration, Miss McMullen and Miss M. Washabaugh; spelling, Mr. Hoyt and Mr. Surratt; essay, Miss Litigow and Miss Robbins; Latin, Miss R. Washabaugh and Miss Barber; reading, Miss Buchanan, Miss Allen, Miss E. Montgomery and Miss Houston; extemporaneous speaking, Miss Johnston and Mr. Barnes; music, Miss Burgess, Miss Smith and Mr. Corbin.

The Mission Circle of the United Presbyterian church held their regular meeting at the home of Miss Lotia and Nannie Perry, Garden avenue Monday evening. The regular program was carried out.

The Judith Ropkekan lodge will give an entertainment at the I. O. O. F. home, for the aged members, Tuesday evening. A fine program has been prepared.

The members of the Colonial club will be entertained Tuesday evening in the home of Mrs. William T. Johnston of Woodland avenue. Mrs. John W. Armstrong will be the co-hostess.

Officers, trustees and past matrons of the Grove City chapters of the Order of Eastern Star to the number of 40 were entertained in the Shaffer party house on East Pine street with Mrs. Mary McKinley of Swissvale, worthy matron of the chapter, as hostess.

The dinner was served promptly at 6:00 o'clock. Following the dinner Mrs. McKinley presented the officers and past matrons with a beautiful string of pearl beads. As a special courtesy to Mrs. Nell Hoffman and Mrs. Clara Donaldson, Mrs. McKinley presented the former with a silver console set and the latter with a silver flower urn and a string of crystal beads. All report a wonderful time.

Fat Girls! Here's

A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one quarter teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for—let's face it—this takes off the fat—Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and unneeded acids and gasses are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by that Kruschen feeling of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

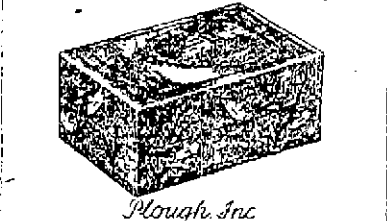

Get six 5¢ bottles of Kruschen Salts at Jockey's of New Castle, Inc., or any drug store (lasts 2 months) with the distinct understanding that you must be satisfied with results or money back.

A Smooth clinging Face Powder

It is not enough for a face powder to lend instant beauty; it must lend lasting beauty! Black and White Face Powder is as unsurpassed in clinging quality as in its power of subtle flattery! Silk-bolting to insure a smooth, even texture that will not coarsen the skin, this fine powder is specially blended so that each particle clings with remarkable smoothness. It deftly conceals imperfections and enhances natural beauty. At all dealers—25c.

Special Services In Mercer Church

Holy Week Program Is Being
Observed; Other News
Notes Of County

(Special To The News)
MERCER, Pa., March 19.—Special services Holy Week are announced for holding in the Presbyterian church of Mercer.

Dr. Homer Henderson, pastor of the First U. P. church of Grove City, will assist the local pastor, Dr. O. H. L. Mason. It is planned by Dr. Mason to hold services each evening.

The congregational meeting of the church will be held Wednesday, April 3. The meeting will be important for at this time the new constitution and by-laws of the church will be presented for adoption.

Under the terms on which the two churches united their charters were to be merged. This has been done by attorneys and must now be sanctioned by the congregation. The one charter of the original Presbyterian, that after the split, became the First, is dated 1838. That of the Second 1860.

The first named charter is one of the oldest in the state.

A lot of water will pass under the bridge before the report of the Mercer county auditors for 1928 is entirely completed.

A lot of work remains to be done before any report can be made.

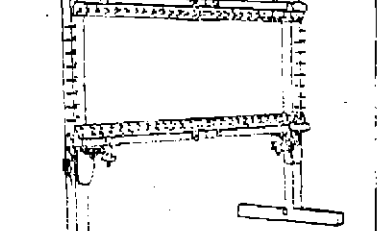

The auditors have one-third more work than usual in the addition of the sheriff's office to their list, and the work made necessary by the extra three mill taxation.

Examination of eighth grade rural pupils that will determine their fitness to take high school entrance tests are now being sent out from the office of the county superintendent of schools.

The tests given by the teachers take place on April 5.

Judge J. A. McLaughry will be one of the three judges to select a winner at the inter-county oratorical contest at Kittanning this evening.

Winners of oratorical contests in Jefferson, Armstrong, Butler, Lawrence and Beaver counties will contest for the championship of this district.

Boys and girls! Here's a chance for you to help this pony get a piece of cake, and get a real live Shetland pony for your own. The pony sees the piece of cake in the center of this puzzle, but he doesn't know how to get it. Can you show him a way? Just draw a line from the pony's nose through the gates in the fences until your line reaches the cake at the center. If you can find a way for the pony to get the cake without jumping over fences, cut out the puzzle and send your answer to me quick.

5 Ponies and 5 Bicycles Really and Truly Free

Sharp Eyes May Win

To make more friends for my company among the boys and girls, I will give \$415.00 in cash prizes: First prize \$150.00, second \$75.00, third \$50.00, fourth \$25.00, fifth \$10.00, sixth \$5.00, seventh \$2.00, eighth \$1.00, ninth \$1.00 and tenth \$5.00.

Best of all, the first five winners, if they are quick, will each get a beautiful Shetland pony, bridle and saddle, absolutely FREE, and the winners of the last five prizes will each get an elegant bicycle free, for promptness. Besides, everybody can get \$1.00 right away. Soon as you send your answer I'll tell you right away how near you are to being a winner. How to get the \$100.00 first prize, and make the pony yours. A big \$400.00 cash prize house sunk back of this offer. Duplicate prizes in case of ties.

MANUFACTURER GETS POISON BY MISTAKE, DIES

MONTREAL, March 19.—A drink of poison taken by mistake, almost instantly killed C. M. Hollingsworth of Steubenville, O., at 396 Sherbrooke street, west.

Hollingsworth was registered at the Windsor hotel here. His death occurred at the home of a friend at the Sherbrooke street address.

An inquest will be held when relatives arrive from Steubenville.

Hollingsworth became conscious of his mistake as soon as the fluid passed his lips. He cried out: "My God, what have I taken?"

A doctor was called but despite his efforts Hollingsworth died in a few minutes.

Dear Papa:-

I received your letters of the 27th and 28th. June, this morning with letters enclosed from Belle and Mama. I am sorry to hear you are not improving faster, but it is all for the best, I suppose. I hope you will get home for twenty days. If you do, when your leave is out, do not think of returning unless you are perfectly well.

Do not worry too much about me. I will only have a tendency to make you feel worse all the time. I am getting along fine. I have not had better health in many months, than I have now. The health of the regiment is very good, generally.

PROTECT THE ARBUTUS

With March come the arbutus. When the first warm sun of early springtime clear away the snow on the hillsides and in the pastures, the lovely pink and white trailing arbutus lifts its head. One of the first flowers of springtime, and a delightful flower at that, the arbutus is always hunted by flower lovers.

Yet are they flower lovers who ruthlessly pull up the stalks of the arbutus, thereby helping to bring about what surely will come to pass if a halt is not called—the complete extermination of this lovely wild flower.

The boys and girls who read this could do nothing better this springtime than to stand guard over the trailing arbutus. Ask your friends to go and look at the lovely blossoms—but not to pull them up. Many persons do this thoughtlessly and would be glad to let the arbutus bloom on, undisturbed, if somebody only would call their attention to the necessity of preserving this flower.

Choirs Plan Cantatas On Easter Sunday

Choirs of the churches of the city are making much preparation for the annual Easter Cantata to be given on Easter Sunday evening of Palm Sunday. Some of the choirs are spending two evenings of each week for rehearsals.

An outstanding feature of the Easter morning will be a sunrise prayer meeting conducted in a number of churches by the young people. Special services will be held the week preceding Easter or Holy Week. The sacrament of the communion will be observed.

Easter services are considered among the most beautiful of the year. It is anticipated that the morning and evening services will be attended by large congregations.

CALLS LIQUOR FINES TOO LOW

Dry Leader Hits East Liverpool, Ohio, "Laxity"

EAST LIVERPOOL, O., March 19.—V. A. Schreiber of Canton, district superintendent of the Anti-Saloon League, charged laxity in prohibition enforcement in East Liverpool in an address at a ministerial association meeting.

Schreiber told the pastors that fines assessed liquor violators here are "too low" and often are fixed according to the bootlegger's bank account.

The Anti-Saloon leader urged that offenders be held under the Grabbie act instead of city ordinance. "You have a good police here, but it has lost its punch," Schreiber said. "Your police claim they can get no co-operation from the judicial department. It looks to me like a case of passing the buck."

"There are many people in East Liverpool who should be serving time in the penitentiary instead of paying fines of \$50 and \$100," Schreiber suggested that charges be filed in the Columbiana County Common Pleas Court, Lisbon, instead of in the East Liverpool Municipal Court.

Little Green Capsule Stops Rheumatic Agony

One Every Hour For Ten Hours And Relief Is Almost Certain.

Often In Five Days, Even The Tenderness Is Gone

The fame of the little green capsule, because of its canny power to speedily stop the terrible rheumatic pains that make life almost unbearable, is rapidly spreading all over America.

You go about conquering your merciless rheumatic enemy in a different way—a knock-out way. You take one tiny capsule each hour for the first ten hours.

The second day, take one every two hours for 14 hours—Then take 4 little green capsules every day until every last little twinge and every bit of tenderness is gone and your rheumatic troubles have ceased.

The little green capsule now so much in demand from coast to coast must have a name so it is known in every worthwhile drug store in America as Allenbur Number 2.

McKee's Kut Rate Store, Eckerd's of New Castle, Inc., says these little wonder-working capsules must banish all pain and torture in 5 days or money cheerfully refunded.

Spring Is Ideal Time To Take Vacation Says State Health Secretary

"Time was when vacations were taken only given consideration during the winter months. And while a good measure of wisdom is to be found in this custom provided one has not been blighted by the sun or otherwise overdone because of extreme enthusiasm, there are other seasons for the annual sojourn that from a health-building viewpoint are just as good as the mid-summer vacation," said Dr. Theodore B. Appel, State Secretary of Health, today.

"Consider, for example, the late spring. All the world is awakening. The roads are not crowded with tourists and a smaller accident hazard therefore exists. The hotels are able to accommodate the patrons, and the cool, bright days are thoroughly invigorating.

"Moreover, it is the time of year when the body with its lowered resistance due to the long winter responds to the health-giving benefits that are so bountifully bestowed at this season of the year. Indeed, the body-building possibilities are perhaps at their greatest at this time.

"It is safe to say that thousands of Pennsylvania's citizens would reap much more benefit from a sensibly planned out-door vacation in the early spring and summer months than many thousands have done in the past when if the same amount of time were used in the hot mid-summer when crowded conditions, excessive temperature and over-enthusiasm can quite neutralize the health benefits that should be one of the major considerations in any vacation program.

"While doubtless there are many who, by force of circumstance are unable to get away except in the summer, there are still countless others who can plan and choose the time for their annual holiday.

"To those of the latter class the suggestion is made to try a spring

It's Growing!

The shoulder-length bob is taking a real place among fashions of the hour for the younger set. In many high schools and colleges, more than half the girls are letting their hair grow to the new length. This style as worn by New York City girls is shown in the above photograph of Miss Edna Rabbe, 1925 Avenue G, Brooklyn.

Miss Rabbe says: "I am certainly delighted that I let my hair grow to the new length now that I have found a way to keep it easily manageable and attractive. My hair is ever so much fluffier and more vigorous than it has been for a long time. And it is free from all traces of dandruff, now. I attribute its improvement to the method I am using to care for it. It's so popular among the girls in my set. All we do is put a little Danderine on our brushes whenever we use them. This makes my hair so easy to dress any way I want it and holds it in place as I arrange it. Danderine soothes my scalp and keeps it and my hair so clean. I don't need to shampoo more than twice a month, now. And all my friends admire the way it makes my hair so bright and sparkling."

Danderine does more to bring out the natural color, the gleam and lustre of your hair, than shampoos or brilliantine. It removes that oily film from it, gives it new life and luster. It cleanses and invigorates the scalp; helps overcome dandruff. Danderine is delightfully fragrant; isn't oily, doesn't show. All drug stores have the generous 35c bottles.

Hay Is Convicted, Tried His Own Case

Former New Castle Druggist Found Guilty In Liquor Case

BUTLER, Pa., March 18.—It took a jury 41 minutes today to convict Marion E. Hay, a South Main street druggist, on the charge of possessing and furnishing intoxicating liquors.

Hay came here from New Castle where he was in the drug business.

The court room was crowded to capacity, following the announcement that Hay would plead his own case before the jury and Judge James M. Gable presided.

Prosecutor Charles H. Miller attempted to show that Hay had sold a tonic that contained more than the legal quantity of alcohol. Harry Miller, of Unionville testified that he had bought three bottles of the tonic and that he became intoxicated from its use.

Hay, after trying to get the witness to say that he may have drunk whiskey or something else with the tonic, admitted that the tonic contained 18 per cent of alcohol and that a man could drink enough to become intoxicated.

Hay said that he had sold the tonic to Miller and that he did so in good faith, not anticipating that it would be used for beverage purposes. Judge Gable informed Hay that the law did not permit him to sell the tonic in quantities, or for anything else except medicinal uses.

You Can't Dye a Dress with Promises!

You can't dye a dress—no matter how careful you may be—without real color. That's the idea behind Diamond Dyes. They are made to give you real service. They contain from three to five times more aniline than other dyes on the market.

Next time you want to dye, try Diamond Dyes. See how easy it is to use them. Then compare results. Note the absence of that red-dyed look; of streaking, or spotting. See how soft, bright, new looking the colors are. Then observe how they keep their brilliance through wear and washing. If you don't agree Diamond Dyes are better dyes, your dealer will refund your money.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or tint silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this. The blue package dyes silk wool only. The white package will dye every kind of goods, including silk and wool.

Your dealer has both packages.

Reno, Mental Marvel, Home For Brief Stay

Yesterday was "home again" for the famous mental marvel, who resides near Savannah, just east of this city. For the past few weeks he has been engaged in a series of lectures and demonstrations which covered him and his "Gadgets" and many places in the country.

Mental marvel, Reno the mentalist, and mental gymnast are but a few of the names attached to the name of Reno. Everywhere he goes both the masses of the towns and the chiefs of police have willingly given him support in granting permission to speak anywhere in the town.

While most of Reno's appearances to date have been in Ohio and other states, nevertheless he states it will not be long before he comes to New Castle for exhibitions. He has made several appearances in the county schools here but none as yet in the city schools.

The mentalist comes to his home at Savannah for only short periods at a time. The remainder is spent on the road. The mementos that Reno carries strongly testify to his work, in each case commemorating him extensively for the entertainment provided. In addition to the book of mementos that he carries is a book of pictures portraying him in action at various cities where he has appeared.

Facts and figures are easy fish for Reno. Not alone can he work wonders there but just ask him the 1929 population of any large city in the United States and you'll get it at once. Some might wonder how it's done but when it comes to naming every State temple in any locality in these great 48 states of ours then you have reason for not stopping to wonder. Mention any city in which a Shrine is located and you'll get the temple name right back. He can tell you the location of any capital building in any capital of the 48 states. He

"IRON" WOMAN FELLED BY UNSUSPECTED FOE

Holly, Colo.—Kate Howell, of this town, an "iron" woman who thought she couldn't be hurt, found herself "knocked out" one day by an enemy she had deemed too insignificant to notice. This single attack changed her mind on that point. She immediately took steps to defend herself against her foe—and with remarkable results, as her story shows.

"As a child, I was out-of-doors most of the time and so grew up with a rugged constitution. I didn't know I had a heart except as taught in physiology. "When about twenty I was employed at work which required speed, hurry all the time and mental concentration. I acquired the habit of just soaked it up. "My friends warned me but I laughed at them. Didn't I have an iron constitution? Nothing could hurt me.

"First came a little fluttering. I paid no attention. It got worse. My heart would stop entirely for a few seconds and then start like a big engine. Then—the Climax! "I thought it was the work that was overtaxing my heart. I quit the work, but that didn't stop the 'spells'. Finally everything went black one day and I found myself on the floor. "Then I decided to give Postum a fair trial. After getting the caffeine out of my system, I found that I liked Postum much better. What a difference now, with my

Children Love Lacma.

Children who fight against unpalatable liquid magnesia actually crave Lacma Wafers, because they taste like candy.

Lacma Wafers Economical.

Lacma Wafers keep perfectly under all conditions. You get more for your money as there are 100 teaspoonful in each package. No danger of freezing or precipitating.

Lacma Wafers Convenient.

Lacma comes in an attractive package which, due to Lacma being concentrated, can be carried in your vest pocket. Remember it is not necessary to add water to Lacma—of course you can if you wish—but Lacma will dissolve quickly if just placed upon the tongue.

Use Lacma Regularly.

All admit that milk of magnesia should be used for various uses—correct acidity, for bad breath, a gently laxative, cleaning the teeth—and all the various uses for which milk of magnesia has been found so desirable.

Go to your druggist today and ask for a package of Lacma Wafers. They cost but a few cents. Start using Lacma Wafers and you will never go back to the old methods.

The Silent Partner of Every One

THE stabilizing effect of Stock Fire Insurance in our commercial structure is of such importance that business paralysis would certainly follow its elimination—or impairment.

Fire insurance so effectually safeguards the home, factory, and store, and contributes such an element of certainty to all enterprises in which men engage, that it is well termed the Silent Partner of all.

Protection may be secured from Stock Fire Insurance Companies against loss or disaster caused by fire and the elements—wind, water, hail, earthquakes—as well as riots and civil commotions and other causes.

These companies also issue policies protecting against property damage, loss of profits, losses due to interruption of business, loss of rents or valuable leases, loss of goods in storage, or in transit by motor, aircraft, railroad, steamship, or other carriers.

Business runs more smoothly and economically, credit is stabilized, and fewer hazards accompany every business process because of the more than \$150,000,000,000 constantly at risk in the protection of American property holders.

The 229 Stock Fire Insurance companies constituting the National Board of Fire Underwriters realize that their business is interwoven with and related to all other business; that it is a balance wheel whose steady revolutions are essential to the general good.

Senior High Students Make Dental Posters

Render Aid In Work Of Dental Department Of Public Schools

With the correlation of work as is done in the many departments of our schools it is usually quite possible to carry out any plan within reason that we may have.

The Dental Honor Roll system used almost everywhere in the state by the dental hygienists has been found most successful in urging children to go to their family dentist. When corrective work is needed, cards are given to the various pupils who are asked to go and have the work done as soon as possible. Only when the card is returned signed by the dentist is the child eligible for the honor.

When the dental hygienists decided to try it in their department here in New Castle they immediately called on Miss Salamon, director of art who in turn referred them to Miss Galley at Senior High. She gladly consented to help and in little less than a month's time under her supervision

a poster was made for every elementary and junior high school. This is graciously acknowledged to the following students from Senior High who are responsible for the splendid work: Mary Jane Cooper, Nellie Brady, Lenore Beall, Elma Badger, Dewayne Cooper, Eleanor Dean, Henrietta Emerick, Margaret Emery, Rita Rose Hite, Alice Lucas, Edna Lutz, Mary McBride, Dorothy Nelson, Emma Ray, Gladys Rowland, Herbert Saxton, Evelyn Wakefield. Signed, MARGARET H. JEFFERYS.

Grill Youth In Death Of Girl

Easton Youth, Lover Of Dead Farm Girl Will Be Questioned By State Police

BELIEVE GIRL IS "HEX" MURDER VICTIM

(International News Service) ALLENTOWN, Pa., March 19.—"I have nothing to fear" was the repeated declaration of Frank Masters, alias Masters, Easton youth, as state police grilled him today regarding the mysterious death of pretty Vera Octavia Delp, alleged "hex" murder victim.

"I knew the girl about six months," he said. The girl's adopted parents, Mr. and Mrs. August Derhammer of Green Pond had named Masters as the girl's lover but said he had been missing for four months. They refused to reveal the contents of love letters passed between the girl and youth.

When Masters surrendered at the suggestion of his sister he said he had been working as a truck driver at Philadelphia just across the river from Easton for the past few months.

District Attorney Ethan Allen Gearhart today still stuck to his assertion that the girl was a "hex murder victim." Either she was killed by a practitioner of the art of "hex" played a prominent part in the crime, he insists.

The girl had known for a long time that she was soon to become a mother. Gearhart said. "She couldn't tell her family; she couldn't tell her pastor so she sought solace from the pow-wows and hex doctors." He believes the poison found in the girl's stomach was given to her by a "hexer" to prevent motherhood.

A pow-wow practitioner whose name police refuse to divulge is being sought for questioning. Charles T. Belles, who claims to be a "faith doctor" but who is commonly termed a pow-wow already has been questioned and released.

House Passes New Motor Code

Vote Of 145-33 Is Recorded For New Code; To Be Amended By Senate

HARRISBURG, March 19.—While conferences directed by the leaders of the state organization were carried far into the night in an effort to clear the way for the administration's legislative program the motor code was brought up in the house Monday night and during much confusion but no out-spoken opposition was passed by a vote of 145 to 33 and sent to the senate.

In the senate the bill will be amended to provide a 40-mile an hour speed limit which was agreed on in conference held by Governor Fisher and will then be sent back to the house in its amended form for final passage.

LITTLE SLAMS AT THE SEX

When a woman goes up in the air she usually lands on her husband. About the only place where a woman dare not stop to powder her nose is in a revolving door.

Girls who are easy on the eyes are often hard on the pocketbook. The modern girl who could find a wonderful cook if she could find a kitchen that was run by a steering wheel.

In order to eliminate curves millions of dollars are spent in this country by the railroads and overweight girls.

When a modern girl buys a spool of thread she may not intend to mend anything—she may need a new clothesline.—Boston Transcript.

Ingrown Nail Turns Right Out!

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

SUFFERED LONG TIME; NOW FEELS LIKE NEW LADY

States She Was Wonderfully Surprised How Ten Herbs Benefited Her.

"I am glad to say that I was wonderfully surprised at the results I obtained after taking Ten Herbs. Ten Herbs was the name of the medicine of Mrs. L. M. Hayes, Route 7, Box 218-A, Greensburg, Pa., according to

MRS. L. M. HAYES is at Eckerd's of New Castle, Inc., 30 East Washington St., New Castle, where he is daily demonstrating this celebrated herbal compound to crowds of men and women. "I feel like a new person, since taking your medicine," Mrs. Hayes continued.

"I had been in poor health for several years and had taken medicines of different kinds without any beneficial results. After eating, gas would form and I would have pains and heartburn. I would belch a great deal and frequently had headaches. At times I became so dizzy I almost fell over. There were sharp pains in my back and finally I had pains in my limbs. I was badly constipated. I always felt tired and nervous and could not get enough sleep to rest me.

"I read about Ten Herbs in the local paper and decided to give it a trial. Your medicine has done me a world of good. I have no more gas or pains after eating. I have a good appetite and can eat anything I want without having distress afterwards. Headaches and dizzy spells are things of the past. The pains have left my back and other parts of my body. I am rid of that tired, nervous feeling, and my sleep is sound and restful. I am glad of the opportunity to let others know the results I obtained from Ten Herbs."

Many throughout this section have reported that Ten Herbs not only relieved such ailments as indigestion, biliousness, constipation, nervousness, pains and aches in the back, rheumatism, neuritis, or a general run-down condition, but seemed to have a cleansing, soothing, correcting action, on the whole system.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Lions To Attend Farrell Meeting

May Institute New Lions Club At Farrell At Session Tonight

Thirty or more members of the New Castle Lions club will motor to Farrell tonight where the club's extension committee has arranged a program of entertainment and business for about 30 of the community's prominent men. The meeting will be held in the Methodist church, and at the conclusion of the program an attempt will be made to establish a new Lions club there.

It is reported that Farrell at present has no civic clubs such as the Rotary, Lions and Elks clubs in operation. Should the Farrell men feel that one could be organized tonight, the New Castle men will proceed with the regular Lions club program or organization. The primary motive, however, is to show the Farrell neighbors what a real active Lions club is and what it does, and then consequently, it is hoped it will bring about the formation of a new Lions club.

Dinner will be served at the church at 6:30 o'clock sharp. New Castle Lions will gather at the Elks club no later than 5:45 p. m. and motor to Farrell in a fleet. The members, on reaching Farrell, will drive directly to the church, located at the corner of Spearman and Haywood streets.

The club held no noon meeting today because of the out-of-town affair planned for tonight.

Motor Deaths Total 260 In Two Months

HARRISBURG, March 18.—An aggregate of 260 motor vehicle accident deaths in January and February 1929 is announced by Benjamin G. Eynon, Registrar of Motor Vehicles of Pennsylvania Department of Highways. The January toll was 138 deaths; February 75. Total number of accidents for the two months was 6,224. Computations are made from compulsory accident reports required by law of any operator who is involved in a serious accident.

Local Judges To Preside At Butler

Both judges, R. Lawrence Hildebrand and James A. Chambers, will hear cases in Butler court this month during a term of common pleas court which will be held during the latter part of the month. Judge Chambers expects to be in Butler during the week of April 29 to hear cases in which Judge Galbraith was interested before being appointed judge.

Important Discovery Forever Rids You of Vile Catarrh

Opex Opens up Catarrh Stuffed Nostrils in Ten Minutes. Lessens Buzzing, Ringing and Singing in Ears and Destroys Deadly Catarrh Germs Says Authority

30 Days Free Trial Says McKee's Kut Rate Store.

Inflammation in nose, throat and bronchial tubes rapidly disappears, snuffles cease and you can breathe freely through nose again.

be pleased to show you how simple it is with Opex to once and for all conquer catarrh and its stubborn symptoms.

Now all you have to do is to spray gently and over the entire nose, germ infested membrane, (his purifying, germ killing vapor of Opex, reaching every nook, crevice and fold in the membrane, so no other remedy can and opening up in ten minutes the stuffed up passages.

It seems like a miracle, but after you use Opex a few times each day for a few days, you will find that the sore, raw, swollen, tender membrane is completely healed; sniffling and hawking have ceased and the discharge of catarrhal mucus has stopped.

The ringing and buzzing in the ears will start to disappear and your hearing, if affected, will probably be improved.

It is worth a whole lot of money to get rid of stubborn catarrh and buzzing noises in the ears, but Opex, which costs so little, will send the purifying, healing, smoke-like vapor just where it will do the most good—you can actually see it going in one nostril and out of the other.

Opex is sold for \$1.00 at McKee's Kut Rate Store with the distinct understanding that if you are not satisfied at the end of 30 days your money will be gladly refunded. Opex is delightful to use because of its wholesome fragrance.

Mail orders filled by Opex Co., 11 W. 30th Street, N. Y. City.

It's about time that someone with brains gave to Catarrh sufferers a simple, quick and sure remedy that not only soothes and heals the inflamed catarrh soaked membrane, but also promptly destroys the vicious germs that cause this disgusting disease.

The thousands of intelligent readers who have tried in vain to find something that actually will drive away every trace of loathsome catarrh, will be glad to know that Opex can now be procured at McKee's Kut Rate Store, who will

be pleased to show you how simple it is with Opex to once and for all conquer catarrh and its stubborn symptoms.

HUNDREDS MADE HOMELESS IN SOUTHERN FLOODS

Fifteen hundred persons have been made homeless at Birmingham, Ala., by the overflow of small streams turned into torrents by continued heavy rainfall. The waters rising at night, trapped many in their homes, forcing the necessity of rescue by boats. These views, snapped at Birmingham, show the extent of the flood in one section of the city.

Republicans "Speed-Up" Campaign On Tariff In New Congress Session

Indications Point To A
Sweeping Republican Vic-
tory In 1929 Tariff
Fight

Republicans Are Merely
Amending Tariff Law;
Look For Passage
Without Trouble

By WILLIAM K. HUTCHINSON,
International News Service Staff
Correspondent

WASHINGTON, March 19.—An-
xious to limit tariff reform in the
new Congress to relief for agriculture
and needy industries, administration lead-
ers today planned a "speed-up" cam-
paign for the 1929 tariff bill.

The tentative program eliminates
all public hearings on the bill in the
Senate as a step toward limiting the
number of changes and toward short-
ening the time necessary to enact the
bill. Administration leaders fear an
all-summer session if the tariff re-
forms are unlimited and therefore
plan to approve only such industrial

changes as are necessary to protect
American manufacturers against for-
eign competition.

Fight Not Expected
The Republicans will control the
new Congress in both House and Sen-
ate so far as tariff schedules are con-
cerned. They have a commanding
majority in the House while in the
Senate their "paper" majority will be
augmented by protective tariff Demo-
crats, a half dozen or more minority
senators who vote consistently for the
Republican tariff schedules. Unless
an unexpected revolt should develop
in the Republican ranks, the admin-
istration bill will be enacted without
much trouble.

The Democratic attitude was ex-
plained by Senator Swanson (D.) of
Va.

"I don't think there will be much
fight over the tariff this year," said
Swanson. "The Republicans are only
amending their own tariff law."

Murder Mystery Baffles Bradford Police Officers

(International News Service)
BRADFORD, Pa., March 19.—Po-
lice were working today on the six-
teenth baffling murder mystery here
in the past ten years, believed to have
been the culmination of either se-
cret society or bootleg feuds.
The body of an unidentified man
lying between two fence posts, with
a dead frog atop each post, was dis-
covered yesterday by a farmer as he
walked along a road near the New
York state line. Three bullet wounds
were found in the head. It also bore
marks of having been blackjacked.
The presence of the frogs led po-
lice to believe the killing, which a
postmortem showed to have been done
last week, was the work of some se-
cret society and that the frogs were
some kind of omen.

ELLWOOD CITY, March 19.—The annual district Sunday school convention took place Monday evening in the Methodist church with a large number of members in attendance. The address of the evening was given by Rev. Bert Williams of the Baptist church who chose as his subject, "Dynamic Teaching." He told of the history of Sunday school movement since the early days, and stated that the prime purpose of a Sunday school was to lead people to Christ. And this feat could be best accomplished by teachers who had had divine guidance and could practice "dynamic teaching."

The meeting opened with a devotional service led by Rev. A. M. Stevenson. Then came several selections by the high school orchestra, and reports of department heads.

One of the outstanding features of the meeting was the dramatization of the hymn "In God There is No East or West," directed by Mrs. Norman Mortenson and containing four characters as follows: Amelia Herge, Margaret Battersby, Evelyn Miles and Charles Huffer.

New Officers of the association were elected as follows: President G. J. O. Davidson; vice president, George C. Nicklas; treasurer, C. P. Cleak and secretary, Mrs. E. E. Moore. The officers were formally installed at the close of last night's meeting.

Mrs. Oscar Dahl Entertains Club

ELLWOOD CITY, March 19.—Mrs. Oscar Dahl of West Short street entertained the members of the E. P. L. Club Monday evening at her home. A special guest was Mrs. Cyrus Steinberger. Two tables of bridge were in play and at the end of the evening some honors went to Mrs. Steinberger and Mrs. Clarence Wallace.

A delicious lunch concluded the meeting. The April meeting will take place at the home of Miss Hilma Dahl of Wayne avenue.

Accident Victim Will Be Buried Here On Thursday

Armond Vell Of This City Killed While Digging Ditch At Koppel Car Company

ELLWOOD CITY, March 19.—Funeral services for Armond Vell of this city, who was accidentally killed yesterday afternoon while digging a ditch near the plant of the Koppel Car Company, will take place Thursday. The ditch caved in, covering Vell and a fellow workman named Lewis Bell, also of this city. The other workmen came to the rescue of the diggers and tried for an hour to extricate the unfortunate workmen. The pulmotor was used on Vell, but he was too far gone.

Bell was taken to the Providence hospital in Beaver Falls. The funeral services for Armond Vell take place Thursday from St. Agatha's church, with burial in the St. Agatha cemetery. The remains were taken to his boarding house in the meantime, that of Louis Menichs on Wampum avenue. The deceased is survived by one brother in Italy.

Sassafras Man Sign Of Spring

Beverage Is Supposed To Possess Medicinal Powers In Cleansing The Blood

Another harbinger of spring is the sassafras man. Some of the old timers who used to keep New Castle supplied with sassafras are gone, but others have taken their places. Those who enjoy the delicious flavor of this popular spring drink, can now get the "makins" from diggers who carry the roots around in baskets, or at some of the groceries.

There is an old tradition that sassafras tea cleanses the blood. If this is the case, there ought to be a good demand. Nobody wants to go around carrying a winter's supply of old blood if a little sassafras tea will pep up the circulation.

Sassafras is becoming scarce in Lawrence county. Few people know where the roots may be dug, and they are not telling. Like everything else, it is commanding a higher price. Little packages that used to sell for two for five cents, now command ten cents. Some of these days there will be a "corner" in the sassafras market. Sassafras tea is made by cutting the bark off the roots and boiling it in water. Add cream and sugar and you have a delightful blood cleanser.

York County Roads Resemble Canals

YORK, Pa., March 19.—Many of the back roads in York county have transformed into canals and swamps by the recent rains. In many instances teams of horses and mules have been used to extricate automobiles from the mire. William S. Grim, a dairy farmer who delivers milk to a Red Lion dealer had to hitch a pair of horses to his delivery truck. With the combined power of the motor and the horses he managed to get through to town. His route took him two miles over the dirt roads known as the Shunk's Ferry road before he struck the Brogue road, a state highway about a mile east of Red Lion.

Rural mail carriers, drivers of bread and other delivery trucks in North

Codorus township say roads in that section are almost impassable. Not in many years it is claimed have the dirt roads in the neighborhood of New Freedom been in such bad condition.

HIGH LIGHTS OF HISTORY

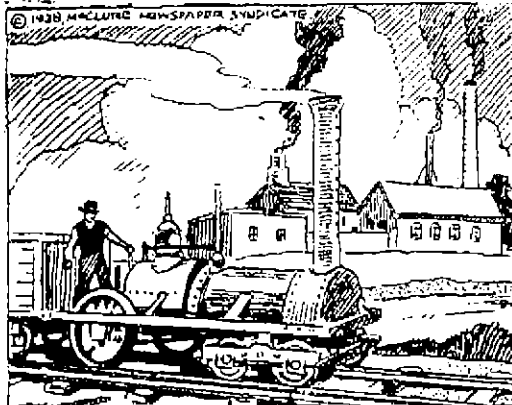

By J. Carroll Mansfield

The Story Of American Industry
Iron And Steel—(Part Three)

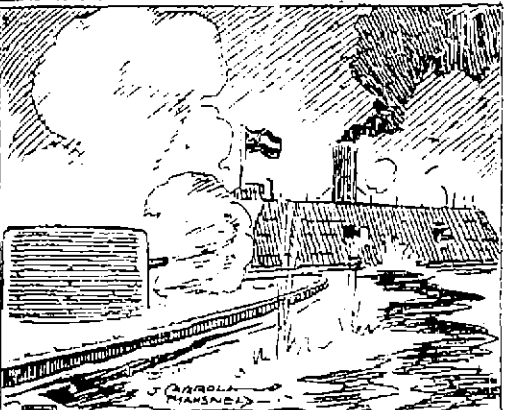

THE EARLY AMERICAN IRON SMELTERS WERE SMALL, AND LOCATED IN PLACES WHERE IRON ORE WAS TO BE FOUND. FOR A LONG TIME CHARCOAL WAS THE FUEL USED TO SMELT IRON. ABOUT 1840 ANTHRACITE COAL BEGAN TO BE USED IN PLACE OF CHARCOAL, AND GREAT IRON PLANTS CAME UP IN THE HARD COAL REGION AROUND SCRANTON, PENNSYLVANIA.

IN THE "SEVENTIES" COKE REPLACED ANTHRACITE AS AN INDUSTRIAL FUEL, AND THE CENTER OF THE IRON INDUSTRY MOVED WESTWARD TO PITTSBURGH, IN THE HEART OF THE BITUMINOUS FIELDS.

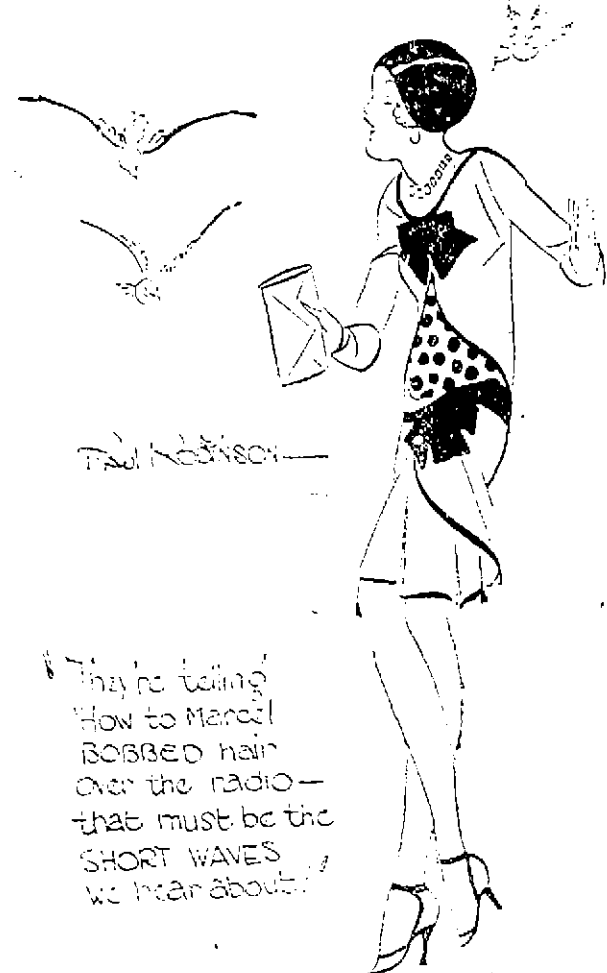

WITH THE DEVELOPMENT OF THE RAILROADS IN THE FIRST HALF OF THE 19TH CENTURY THE DEMAND FOR IRON WAS GREATLY INCREASED. IRON AND STEEL WERE NEEDED FOR LOCOMOTIVES, BOILER PLATE, RAILS, CAR WHEELS, BRIDGES AND TRELSSES. ABOVE IS SHOWN AN EARLY TYPE OF LOCOMOTIVE.

DURING THE GREAT CIVIL WAR, THE FAMOUS DUEL OF THE "MONITOR" AND THE "MERRIMAC" IN HAMPTON ROADS ON MARCH 9, 1862, USHERED IN AN ERA OF "IRONCLAD" WARSHIPS. LATER, THE AMERICAN STEEL INDUSTRY WAS GREATLY STIMULATED WHEN THE UNITED STATES BEGAN TO CONSTRUCT STEEL CRUISERS AND BATTLESHIPS.

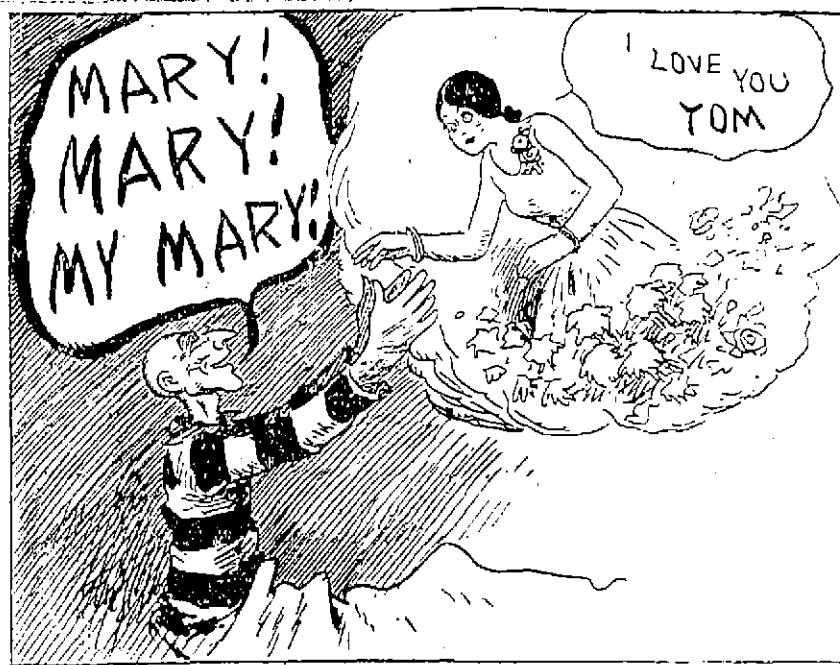

TOMORROW—MAKING PIG IRON.

PEROTTA LOSES AWARD TO WEBSTER

Harris And Brown Stage Fast Battle

Lew Wallace Beats Miller;
Munroe And Brown Please Crowd

JENNINGS TURNS
IN KNOCKOUT

By ED. FRITZ

At Webster, 159 1/2, Billings, Mont., last night received the judges' decision over George Perotta, 160, New Castle, following 10 rounds of hard, though not spectacular fighting before a big crowd at Jolly bowl.

The Montana middleweight proved a second Jack Dillon and bored in continually, while Perotta fought at long range, occasionally shifting his attack to the body.

Perotta's best round was the seventh, when he upped to the chin, staggered the "iron man," then followed the punch to the chin with a right which closed Webster's right eye.

In the 10th round the middleweights slugged hard and the fans got a taste of cayenne bathing. Both were tired from the long grind at the bell.

Both Try Hard

While the battle was not as fast as some of the fights in which lighter pugilists have appeared here, it was an encounter in which earnest endeavor was not lacking.

Webster displayed a Dillon style, waded in, weaved, ducked and threw overhand punches to the head, while Perotta boxed at long range, jabbed, shot blows to the head and frequently sent hooks and uppercuts to the body.

There was not once when the New Castle boy connected squarely with Webster's chin. He kept it covered. Webster's knockout punch was conspicuously absent, but he kept fighting every minute.

At the end of the fight Judges Jones and Fox gave the bout to Webster. Referee Chip gave the fight to Perotta, but his vote was unobscured.

One of the best fights of the winter season was staged when Sammy Harris, 130 1/4, and Tony Brown, 131 1/2 met. Harris took the decision.

Brown Gregory

Brown was punched gooley in the second and he went down at the bell which ended the second, and when he came out in the third Brown showed the effect of the second round shellacking.

Harris took the third and in the fourth Tony was tired. Brown fought better in the fifth and occasionally landed hard on the colored boy and they were in an exchange at the bell.

Tony fought as though to even up the score in the sixth and as Harris met him blow for blow the fans applauded their class fighting. Brown lost the decision, but it was a good fight.

Lew Wallace, formerly Young Billy Wallace, returned here last night and met Alvie Miller, who carried a couple of rolls of fat around his stomach. They weighed 135.

Maxie Brown Loses

They fought hard, but Miller held on too much to satisfy the fans. Wallace tried to stow his rival away, but Miller was too smart to be caught with a right to the chin.

In the fourth round Wallace boxed hard and sent Alvie's head bobbing and in the sixth Wallace shellacked Alvie again and Lew was entitled to the decision which he received.

Maxie Brown and Frank Munroe, light-heavyweights, staged \$10 worth of excitement for 20 cents and the fans roared when they snapped into their task in the first.

After some rapid slugging Maxie slipped down in the first round and though they kept each other with everything but the water bucket in the second, they held their feet.

Jennings Stops O'Hara

Munroe tried to land in the third and when he missed the swing carried him around in a circle and the backhand punch he delivered hit Maxie on the chin.

Brown went down for a count of nine and he was groggy at the end of the round.

of the round. They "pasted" each other all over the ring in the fourth and Munroe was given the decision. Patsy Brannigan's protegee, Eddie O'Hara, failed to go the route with Johnny Jennings. Each weighed 134 and in the first round O'Hara was stopped three times. He took a count of seven and two fives.

He visited the floor again for six in the second and after Jennings had landed a right to the chin which put him down, Patsy threw in the towel, but Jennings got a technical knockout.

Rosenbloom Beats

Lomski In Philly

Aberdeen Assassin No Match For New Yorker In Bout At Philadelphia

PHILADELPHIA, March 19.—Hard-boiled Philadelphia fight fans were still muttering to themselves today over the impressive knockout victory of Pinky Kauffman, Hartford light-weight, over the much-touted King Tut of Minneapolis in the second round of a scheduled ten rounder here last night.

Both battlers started swinging knockout punches at the sound of the opening bell. Tut landed first, dropping Pinky 20-second after the bell for a nine count. Before the round was over Tut was on the floor and when the bell sounded he was still groggy. Pinky opened the second round with a barrage of right hands but determined to finish it and 70 seconds later the referee awarded the nut meg boy a technical knockout victory.

Maxey Rosenbloom, New York light-heavyweight, spoiled the show and probably some future matches for Leo Lomski, Aberdeen assassin, by severely trouncing him in the 10-round windup. Rosenbloom's sweeping non-plussed the westerner.

Gersons To Close

Season Tonight

The Gerson Jewellers will travel to Youngstown, Ohio, tonight to close the 1928-29 basketball season. The Gersons will meet the B. M. D. club at the Rayen High floor in the final game of the Jewish League schedule.

The locals hope to win tonight, and thus avenge an earlier defeat. If the B. M. D. club wins tonight, it will make them champs of the Jewish League. If the B. M. D. club is defeated the league leadership will be tied up three ways.

The Gersons have signed up their former star A. Plant to add strength tonight. The following players are asked to report at the Stone Malt company at 7 o'clock: Coach Keith VanFossan, W. Friedman, Harold Gerson, A. Cohen, H. Levine, Plant and Davis, will meet at the Y. M. C. A., the others will meet at the S. Levin store on Moravia street.

Tourney To End

At Senior High

This afternoon at the Senior high school gym seven inter-class league games will be played to decide the winner of the inter-class league according to William L. Klee who is the boys physical director.

The winner of the high school tournament will be decided tonight.

Has Hoodoo Number

He is talking in terms of 100,000 casualties, which means millions of dollars, and there is no good reason why much of this should be his own money and that is Dempsey's reason, not yours or mine. He thinks this promoting thing is a kick in the face and wants no partners to help him count the profits.

However, he can go slowly and profits there surely will be. He announced yesterday that he had signed Ray Miller to meet Mandell for the light-weight championship in June. He naturally will have to throw this one at the ball park, if he takes it to Detroit. It ought to sell out and make him some money. It won't make him rich beyond the dreams of avarice. The pay-off to fighters, ball club, etc., usually takes care of that.

But if nothing else, the match, if closed, will serve as an open declaration of war on the Garden Corporation in the field of championship bidding.

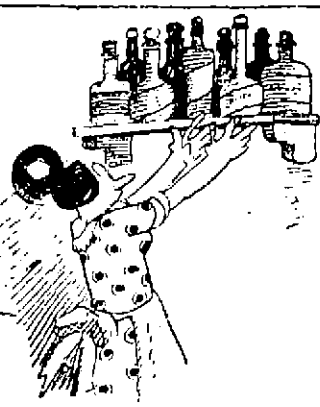

Helen Mentenel, of Whitestone Landing, L. I., will have a handicap of unlucky numbers to overcome when she competes against 125 men for the first prize in the Albany-New York outboard motor marathon. She will drive boat No. 06-13, and her motor serial number starts with 13.

Jack Dempsey Will Go Into Promoting Game On Big Scale

Jack Dempsey Ready To Sink Couple Of Million Into Financing Of Sport Arena

Detroit Said To Have Inside Track On Promoting Angle At Present Time

By DAVIS J. WALSH

NEW YORK, March 19.—Jack Dempsey, the rising, young producer, informed the writer today that much of his personal future, estimated at \$2,000,000 by those who probably don't know, will be poured into the melting pot of promotion from which is brewed only one of two possible products.

A two-syllable word, bullion, or a one-syllable word, meaning the cow's husband.

"I am going to rise or fall on my own efforts and on my own money," said he.

Has Eye On Detroit. It also may be said that John has several things in mind and that both of them are himself. His ear is with Fugate but his eyes are on Detroit and, unless the script is re-written during the next forty eight hours, he will start west by the end of the week, ready to stake the money he made with his fists against the money he thinks he can make with his brain. He seems to have no thought of losing.

But what gambler does? Always a gambler in the ring, he now is speculating in visions and the one he has conjured for his Detroit enterprise rears its golden head to the blue of high heaven.

He has plagiarized the dreams of every promoter, an outdoor arena for fights only, the rows of seats graduating so sharply from the ringside that every ticket holder must get what he paid for—a view of the ring. He has envisioned sunken aisles, so that people may pass to and from their seats without obstructing that view. He would have the boxers go from their dressing rooms to the ring side by tunnel.

May Make Money. In brief, the boy friend is playing with an idea that may make him plenty of money or cost him more than that. He, of course, hasn't the resources to swing a thing like that alone. But this much may be taken for granted: if the proposition goes forward, the hardest man will be taken by Dempsey. He has been advised to play largely with other people's money, if possible and if any; he has decided that mostly he likes his own.

If Dempsey goes for the Detroit angle, and it is six, two and even that he will, he has a great chance. The place is one of the best spots in America for sports promotion, particularly boxing, and all the young man has to do is to keep his feet dry and his ears back. Right now, he is doing neither.

For Big "Crowds." He is talking in terms of 100,000 casualties, which means millions of dollars, and there is no good reason why much of this should be his own money and that is Dempsey's reason, not yours or mine. He thinks this promoting thing is a kick in the face and wants no partners to help him count the profits.

However, he can go slowly and profits there surely will be. He announced yesterday that he had signed Ray Miller to meet Mandell for the light-weight championship in June. He naturally will have to throw this one at the ball park, if he takes it to Detroit. It ought to sell out and make him some money. It won't make him rich beyond the dreams of avarice. Castle Five Girls Will Play Warren

The Castle Five girls basketball team will close their 1928-29 floor season on Wednesday night, at the Y. M. C. A. floor by meeting the strong Warren girls team. The locals are anxious to close their season with a victory.

The game will be played as a preliminary attraction to the Lincoln's game. The game will start at 8 o'clock. It is the final basketball game of the year for the local girls team, and they are hoping that a big crowd will be on hand for the battle.

Lloyd Waner To Join Pittsburgh Team On Coast

Lloyd Waner Agrees To Sign 1929 Contract For \$10,000; Paul Still Holdout

(International News Service) SAN FRANCISCO, Cal., March 19.—Lloyd Waner, the "little" member of the "poison duo" has signed his 1929 contract with the Pirates; it was revealed here today with the added announcement that he was to leave his Oklahoma City home today to join the team here.

His contract calls for a salary of \$10,000 it was intimated.

Paul Waner has yet to come into the fold, and is reported to be holding out for \$18,000. "Big Poison" reiterated his statement that he will not yield to the terms offered him by the Pirate management. Paul expressed himself certain, however, that the club will meet his demands, or at least come to him with an offer which will be satisfactory.

Very Good Infield. Shotten outlined for International News Service what he thought would be the lineup of the club when the season opens. He said the bulk of the catching would be done by Davis, Lerman and Susce.

"My infield, which I think is of real major league caliber, will be made up of Don Hurst on first, Fresno Thompson at second, Thewissen at short and Whitney at third. Hurst is a fine hitter and so is Whitney. I'm going to put Whitney in fourth position in the batting order as he is a good clean-up man. He was second in the league last year in driving in runs. He batted .305. Everybody knows Thompson is a star, and now recruit, at short and young Jimmy Thewissen's broken leg has come out of the hospital."

Baseball Teams In 'Big Show' Prepare For Season

(International News Service) SAN FRANCISCO, March 19.—The San Francisco Seal appeared to have the "Injun" sign or something on the Pirates, anyway they were on the long end of the score in yesterday's game here 4 to 2. Steve Swetnam relieved Grimes on the mound and after pitching three airtight innings weakened and four runs were scored. The Pirates have yet to defeat the Seals.

FT. MYERS, Fla., March 19.—Connie Mack, the veteran leader of the Athletics was somewhat encouraged today over the showing of his rookie pitchers in the game with Newark yesterday which the A's won 8-4. Cramer held the Bears to one hit in three innings. John Leary gave them two hits and one run, but Lester Hulse's omnivorous Maryland hurler fell for the "throw-me-the-ball" stuff of the Bears coaches and while he was retrieving the ball a run scored.

Shotten Hopes To Lead Phillies Out Of Cellar Complex

(International News Service) WEST PALM BEACH, Fla., March 19.—Burt Shotten, the hustling gray-haired manager of the lowly Phillies, chronic tall enders in the National league pennant races, predicted in an interview today that his club will move up out of last place this season.

"This won't be a tail end club," said Shotten. "It's bound to rise. I've got a good infield, a good outfield and a pretty fair catching staff. The weak spot of the team is the pitching staff but I hope to line that up before the season opens."

"You can say for me that this will be no joke club. We'll play good enough ball to get out of the cellar and I'm hoping to do even better than that."

Very Good Infield. Shotten outlined for International News Service what he thought would be the lineup of the club when the season opens. He said the bulk of the catching would be done by Davis, Lerman and Susce.

"My infield, which I think is of real major league caliber, will be made up of Don Hurst on first, Fresno Thompson at second, Thewissen at short and Whitney at third. Hurst is a fine hitter and so is Whitney. I'm going to put Whitney in fourth position in the batting order as he is a good clean-up man. He was second in the league last year in driving in runs. He batted .305. Everybody knows Thompson is a star, and now recruit, at short and young Jimmy Thewissen's broken leg has come out of the hospital."

New Wilmington High Runs Up Total Of 900

College Town Team Wins 19
Out Of 22 Games Dur-
ing Season

Record Score Is Amassed For
Season—Class B
Champs

(Special To The News)
NEW WILMINGTON, Pa., March 19.—Easily prevailing in brilliancy the record of the district championship Westminster college team was the basketball combine put on the floor by Coach C. H. Olson of the local high school. In an official schedule of 22 games the New Wilmington wonder team won 19, one of which was a forfeit from Enon Valley.

Even a more brilliant record was the number of points scored by the college town passers. In the 22 games New Wilmington totaled 900 points against a sum of 349 made by opponents. The high spot of the season was the defeat of the Grove City high school team on the local floor. Grove City barely won the return contest by a four point margin.

New Wilmington got off to a bad start at the first of the season when Painsawing won the first home game but Olson's stars soon hit their stride and dropped only two other contests, one to Grove City and one to Sharpville.

Besides piling up an enviable record for the season, New Wilmington again won the County Class B loop championship by easily defeating every other club in the county. Bessemer and Union were entirely at the mercy of the college town sharpshooters.

The biggest scores of the season were made when Plaingrove and Enon Valley bowed to respective scores of 71-8 and 81-13. New Wilmington scored an average of 43 points a game to an opponents average of 17.

points. Newton was the high point scorer of the team but he was closely followed by Hutchison. Eagleson and Patterson also shared in the scoring honors. However almost all the varsity players will be lost by graduation this spring and Coach Olson will have to develop a new combine for next year's varsity.

The season summary:

New Wilmington 19, Painsawing 13.
New Wilmington 23, Alumni 8.
New Wilmington 35, Eastbrook 18.
New Wilmington 29, Bessemer 17.

Geneva Trackmen Are Hard At Work

BEAVER FALLS, March 19.—Coach Park is slowly rounding his track men into shape for the strenuous program that awaits them this spring. Saturday, March 23rd, Geneva will be represented at the West Virginia University First Indoor Championships, and Coach Park is sending a few sprinters and one of two relay teams. It is a little early for the men to be in the best of shape, so Coach Park is unable to predict with any degree of certainty just what kind of a showing his men will make. There will be two special relay races for Tri-State Conference teams only, and Geneva men will make a strong attempt to capture these races. The Geneva mentor has some good dash men in Lockley, Piper, Nave, Latham, Thomas, Brooks, Smith, and Wilson, and they will make plenty of trouble for any team.

THE ROOKIE CRASHES THRU

Gold Chills When He Faced Rogers Hornsby And A Memorable One-Hit Game
Stick With Cincinnati Rookies

By NORMAN E. BROWN,
Sports Writer for Central Press and
New Castle News.

ORLANDO, Fla., March 19.—The vision of a regiment of ball players routing to first base in single file coming to Harlan Pyle, rookie pitcher with the Cincinnati Reds, now and then as he sleeps of nights at the training camp hotel. The regiment is led by Rogers Hornsby.

The one-hit game that he lost through a comedy of errors while winning his first chance in the big show probably looms in his memory along with that parade.

But let's take events one at a time with this lad who, with less than a year's experience in professional baseball, has reached the big top for a brief whirl at least.

Pyle had been playing ball with this and that county league around his home diggings at Liberty, Neb., when the McCook club of the Nebraska State league gave him his first real contract. He joined that team early last summer. By the time the league season had closed last fall Bill Rourke, Cincinnati Red scout, had not only heard of him, but had pinned his o. k. on the lad.

Pyle reported to the Reds, and after laboring in the ball pen a few days was tossed into a game against the Boston Braves. The game was lost 4 to 2 when he entered the box in the seventh inning and the young man breezed through the rest of the game without allowing a hit.

About this time the teams of the National league had been admonished by Judge Landis to present their greatest strength against the contending clubs and Manager Hendricks was juggling his pitching staff to toss in Lucas, Laque, Donohue, Mays and company against the Giants in the series ahead. So it was that Pyle found himself assigned to start another game against the Braves two days later.

The Reds sent him away to a flying start with a four-run margin in the first two innings. Then it happened.

"Hornsby came to bat in the Braves' half," says Pyle, quite frankly. "I guess I got cold chills or something. He slammed out a couple along both foul lines in foul territory. The next thing I knew I had walked him."

"Then I couldn't find the plate at all. I walked two more men. The high sign from Manager Hendricks to come to the bench was the most welcome thing I'd ever experienced."

However the fact that Pyle is not only a member of the squad in camp this spring but has a good chance of becoming a member of the Reds pitching staff—at least after a bit more experience—would indicate that he showed enough before the season to warrant overlooking the attack of "chuck fever."

And now for that one-hit game. The game—between McCook and Lincoln of the same league, might have been going on yet—a scoreless deadlock as far as Pyle's pitching was concerned. The base hit in itself, was a fluke—one of those sharp bouncers that got away from the shortstop. But let Pyle tell it from here on:

"The runner took a good lead off first base and I figured I could catch him asleep. I snapped the ball to first and there was still daylight between his foot and the tag when the first baseman tagged him. I looked at him expecting him to call the runner out. But he had been arguing with the catcher about a previous decision and hadn't seen the play. He refused to call it."

"On the next ball pitched the runner started to steal second. The catcher snapped the ball to the second baseman. The ball hit the runner, and bounded into left field. The runner rounded third, hit out for home and made it."

A man was arrested in Boston the other day as a Peeping Tom. That seems to establish the fact there still are optimists in the world.—The Greensboro Daily Record.

Frequently an umpire is too hasty in his rulings and by calling a play too soon gets himself into a very difficult situation. This has happened to the majors as well as in the bushes although of course not nearly so often.

I remember a game that was played at Waterloo, Ia., where I was a spectator looking over a player who later became rather well known in the big leagues.

The score was close all the way. In fact it was as pretty a pitchers' battle as one would care to see. Wheel-

The three Cincinnati Red outfield candidates above, left to right, Walter Shaner, Eyr Swanson and Estel Crabtree, may have been giving Harlan Pyle the laugh, when he was reminded of his big league debut. But Pyle may have a chance to laugh at the discomfort of some of these lads while they're trying to win a regular berth with the Redlegs. Swanson and Crabtree are rookies. Shaner has been up before.

O'Donovan Elected As Titan Leader

GLENN "BALE" O'DONOVAN

At a meeting of the 12 lettermen of Westminster College on Monday, Glenn "Babe" O'Donovan, popular Pittsburgh boy, and star forward on the great Titan team of 1928, was elected unanimously by his team mates to the captaincy of the 1930 Westminster team.

The selection of the former Homestead High luminary to be the leader next year, was a very fine one. O'Donovan's work this year stamped him as the most outstanding of the Tri-State Conference players. Cool, calm, and collected at all times, the work of O'Donovan was in a big measure responsible for the wonderful success that the United Presbyterian team had this season. Coach Johnston is fortunate in having a man the caliber of O'Donovan as the playing leader.

The 9-A2 team defeated the 8-A2 team 16 to 14 yesterday afternoon to annex the championship in the Mahoningtown Junior High Class league. The 9-A2 team also won the first half championship. Their brilliant victory yesterday gave them the clean cut title for both halves of the season.

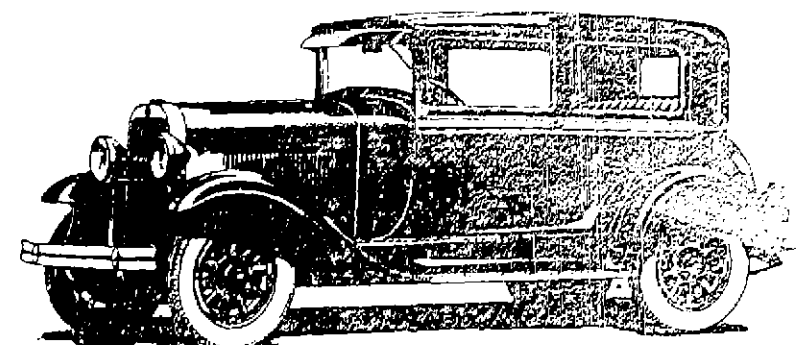

The score at half time favored the 8-A2 team 12 to 7 but the first half rally by the 9-A2 team carried them through. The work of Roman, Hill and Orlando featured for the winners.

The class league is now finished. Plenty of varsity material was uncovered in the league. Wednesday afternoon the 9-A2 team meets the junior varsity team for the school title. The junior varsity is made up of players who will be back next year. This year's varsity team has issued a challenge to the junior varsity. This game will be played on Friday.

Foul shooting contest at the Mahoningtown school will take place on Tuesday and Thursday. The winner must toss the most fouls out of 25 throws. A basketball will be given the winner. There are over 100 boys entered in the contest.

The 1929 Oldsmobile is FINER THAN EVER LOWER IN PRICE

—and now it is winning
greater and greater public favor
in every section of the country.

With all its desirable improvements... with all its additional smartness, luxury, comfort and performance... the 1929 Oldsmobile is lower than ever in price... now only \$875.

The 1929 Oldsmobile is more beautiful than ever in appearance—the result of new style refinements and new color combinations now presented in its composite bodies by Fisher.

The 1929 Oldsmobile is more luxurious, more comfortable and offers new conveniences for driver and passengers. Roominess is a feature. Seat cushions are deeper and softer. Upholsteries are richer. And the new Fisher adjustable front seat,

combined with Oldsmobile's adjustable steering wheel, makes the driving position a matter of individual choice.

The 1929 Oldsmobile provides even more gratifying and dependable performance. Its big high-compression engine now develops 62 horsepower. Typical of its fine car design, oil is forced directly to the piston pins through drilled connecting rods—a feature heretofore characteristic of high-priced cars.

Oldsmobile was a remarkable value before. Now that it is finer than ever—and lower in price—it is the outstanding value of its class. Come and see this finer Oldsmobile. Drive it yourself. Compare it with other cars. Know why it is winning greater and greater public favor in every section of the country.

"Back To Farm" Plea May Be Used In Italy

WASHINGTON, March 19.—The "Back To Farm" movement may have to travel abroad a "back to the farm" movement.

The Italian government is worried because of the rapid growth of its cities, eight of which gained in population by 100,000 during the four months last year. The commerce department has learned from its commercial attaché in Rome.

The 100,000 population increase in these eight cities, it was explained, amounted to 21 per cent of their total population. Should this rate continue, they would enlarge their population by 10 per cent each year. Only 15,600 of the new population is accounted for by excess of births over deaths, it was said, the remaining 83,400 persons having emigrated to the cities from farms.

New Rail Head Aids Industries In New England

By GENE KOWSKI
International News Service Staff
Correspondent

BOSTON, March 19.—Complete cooperation and coordination with all industries, particularly textile, will be the policy of John J. Pelley, newly named head of the New York, New Haven and Hartford railroad.

"We shall go to the limit with everything that is consistent to firmly entrench new industries on our line, and do all in our power to keep the old ones," the new president declared.

His present hope is to keep the textile plants of New England just where they are now, instead of moving South.

"When I was with the Georgia Central railroad up till a short time ago, we did all in our power to acquire new mills, no matter where they may have come from. Now, however, my views on the textile situation have been completely reversed. I should be sorry to see any textile mill leave New England. We shall do all we can to keep them here."

No Changes

Mr. Pelley, who is rounding out thirty years of railroad work, was firm in his belief that no startling changes would be made in the operation of the N. Y. N. H. and H. railroad.

"The impressions I received of the property and employees was very favorable, and the traffic situation looks most encouraging."

"I firmly believe that the road has plenty of capacity, and we could easily acquire more business with plenty of room to spare."

Mr. Pelley started his career as a railroad man thirty years ago in his home town of Anna, Illinois, as a station clerk with a salary of \$35 a month. The job was merely a summer vacation job, Mr. Pelley said, and he had intended going on to the University of Illinois when the untimely death of his father forced him to continue his work.

With Illinois Central

He then moved up to the headquarters of the Illinois Central railroad at Carbondale, Ill., and remained there until 1926 when he became vice-president of the Georgia Central railroad where he remained until becoming president of the New York, New Haven and Hartford.

"I was rather disappointed at the time that I could not continue my college education, but now I see so many men who have succeeded without one, that I have become convinced that a college education is not absolutely essential," said the genial railroad president.

Mr. Pelley prophesied friendly relations between the railroad of which he is president and the Boston and Maine of which George A. Hannauer is head.

"Mr. Hannauer and I are old friends, both coming from Chicago, and I feel sure the relations between the two roads will be of the best."

"While my headquarters will be at New Haven, I expect to spend much of my time in Boston, as this is an important point. Much of my time shall be devoted to the industrial department here in the effort to give greater service to New England business."

Daugherty declared that while he personally played an important part in the late President's life, he never craved power. He never wanted to be the attorney general, he said, but when he did accept the office at the personal solicitation of the President he "did the job honestly and fearlessly." He pointed with pride to his record, regardless of the fact that a Senate committee investigated the conduct of his office. He said the investigation was inspired by his enemies.

Green House Mythical
He said he never saw and was never inside the "mythical little green house in K street" in Washington, and that President Harding was never in it. Daugherty added that he is preparing to "unwind this ball of yarn" and that shortly there will be written for him a book or magazine articles that will tell the truth.

Daugherty scoffed at the charges of fraud and connivance that were leveled against him while he was in public office, declaring:

"I never knew anything about that Teapot Dome transaction. I never knew of the Harry Sinclair Teapot Dome transaction. I never knew of the Harry Sinclair lease until I read it in the newspapers."

Mr. Daugherty, now 69 years old, received the International News Service correspondent in his room at Hotel Elberona. He looked physically fit, a strappingly built man about six feet tall. He was attired in golf clothes and was smoking a pipe. He was horn-rimmed glasses. He is partly bald, florid complexioned and has a rugged face that seemed to typify his aggressive tendencies.

"I am not in public life, as you know," he said.

"I have refrained from talking for

publication and I really do not want to do so now. I have always been opposed to making anything that could be construed as a defensive statement. I am used to being attacked and I guess I can stand it. I don't know that I ever will be in public life again. I am taking it easy, receiving a few old friends here and taking care of my health."

Switching to a discussion of the "little green house on K street" Daugherty said:

"I never was in it. Harding never was in it, and I never heard of any member of the Harding cabinet being in it. If there was such a place, I never heard of cabinet members holding conferences there. I wired Senator James A. Watson to that effect a week ago, because I just thought I'd stir the monkeys up a bit."

"I cannot understand why members of the Harding cabinet were not quick to repudiate the public attacks and the underhand whisperings directed against President Harding after he died. I was so close to Harding that a defense of Harding coming from me did not seem to be the thing that was needed."

Scores Cabinet
"In my opinion it was a high honor to be a member of the Harding cabinet. I observed, however, that no member of the Harding cabinet had a word to say in the dead President's behalf."

"Why, his administration was a wonderful success. It needs no apology. His plans and policies, having been carried out, have made the country happy and prosperous."

"This book that was published was built on a foundation of falsehood. Why, it pictured the President of having become intoxicated in the little green house, or having played cards there with me and others, and what is worse, it brought in a fictitious woman."

His voice rising in indignation, Daugherty declared:

"None of that could have occurred to either the President of the United States or to the attorney general.

There were always at least half a dozen persons secret service men who knew my every move, and the President's every move. The whole thing is ridiculous."

Harding Lived Decently
"No one lived more decently in Washington than he did or than I did. I can understand these attacks. I made plenty of enemies and they blamed Harding for anything I did they disliked."

"I have always been an advocate of sobriety, although I had no objection to taking an occasional cocktail. I never could drink in the daytime and work. I couldn't drink at night, because it would keep me awake."

"Many people may have had a wrong idea of President Harding. It was true that he was a genial, charming and peace-loving man, but he was more than that. He had a strong character. He was the President of the United States and no one else. He may have accepted my advice on occasion, but it was he who made the final decision."

"Harding had a keen mind. He had a great cabinet for he believed in surrounding himself with big men."

"But when Harding sat at the cabinet sessions they knew that he was President of the United States. He had a cabinet whom he allowed to speak his mind, but he, himself, decided the ultimate policy."

"The little green house myth was the start of a story that grew like a snowball rolling down hill. Once it got started the story was added to in a fantastic manner. It was banded about so much that many people actually believed it."

"The American people, unfortunately, do not study government. They think of sports, of automobiles, dancing and various diversions. They are susceptible to scandal stories. I was never afraid of a lie. A falsehood will ultimately be run to earth even though a lie is harder to catch up with than the truth and is more likely to be believed. I wouldn't tell a lie to the public and I never intended to tell in my own time and in my own way tell the American people the full

VAN ZANDT TELLS MCBRIDE POST OF STATE ACTIVITIES

(Continued From Page One)

His meeting was done away with in order to give Comrade Van Zandt an opportunity to address the post, as he had to catch a train later in the evening for Washington, where he is going in the interest of veterans' work.

Commander Van Zandt stated that he has been on a tour of inspection of the various government hospitals and institutions in the state, and found the mail in good shape except the Marine hospital in Pittsburgh, and that tomorrow he was going to Washington to tell General Hines that unless the Marine hospital was improved, that the Department of Pennsylvania of the vets would do it themselves.

He stated that the Veterans of Foreign Wars is growing rapidly in Pennsylvania, one or two new posts being formed every month. He said that the membership has been increasing by leaps and bounds because those veterans of foreign service have come to realize that there is a real organization for the perpetuation of those ideals for which veterans who performed actual service fought and died for.

Rush Program
Comrade Van Zandt stated that when the government shucked the duty of aiding the disabled men that the Department of Pennsylvania stepped into the breach and took the matter of giving aid to veterans of this state to the state legislature.

He said that a committee from the Department of Pennsylvania has at-

tended every session of the legislature. They have pushed the bonus measure and have asked the state to appropriate \$35,000 for the relief of blind veterans giving them a pension of \$50 a month in addition to the amount the government gives.

The state has been asked to care for disabled men in the hospitals who are now receiving compensation, and whose families are forced to live on charity. The state has also been asked to reimburse the battle flags of the state which are now in bad shape in their cases at Harrisburg.

Home In Michigan
He also spoke of the Veterans of Foreign Wars home at Eaton Rapids, Michigan, where widows and orphans of veterans can be taken care of.

He told the post that the Department of Pennsylvania was back of them in everything they did and urged the local post and visiting posts to make every use of it.

A short address was also made by Comrade Fred L. Kentz, the only honorary member of Harry L. McBride Post, who expressed his regret at not being able to be present when the flag which he had contributed to the post, had arrived and was ready to be received.

He told the post of having met Past National Commander Fred Schuster at Passa Gut, Fla., during his recent trip south, and of having been entertained by him there.

Others Speak
Others who spoke were Commanders Cole of Butler, Rodgers of Sharon, and Hoffman of Youngstown, and Comrade George Muse of New Castle.

In conclusion, a nice lunch was served by the Ladies auxiliary, followed by a short program of music and songs.

It had originally been intended to have the ladies take part in the meeting after the candidates had been obligated, but the attendance of the veterans was so large that Commanders Van Zandt had to address them separately in the ladies parlors.

An automobile highway traversing South America has been proposed.
